Re: Glenbrook Stories - January 27, 2020

MEMO

Glenbrook North Kids 4 the Cure club determined to make a difference in the lives of others

Kids 4 the Cure is a club known at GBN for its efforts to raise cancer awareness. The students are driven by their desire to make a difference in the lives of others.

This winter, the club took on a unique project called Special Spaces, where they spent a full day remodeling the bedroom of a teen who was returning home after undergoing treatment for leukemia. The initiative took months of planning and fundraising from the students involved.

All their hard work and dedication paid off when they witnessed the young girl and her family reacts to the new living space. Even better, there were enough funds left to redesign her little brother's bedroom as well, because this battle has been hard on the entire family.

Through his Glenbrook Story, we witness the GBN school mission come alive through student dedication to service-learning.
