Re: Acceptance of Donation and Approval of Bid for Glenbrook South Fieldhouse Curtains

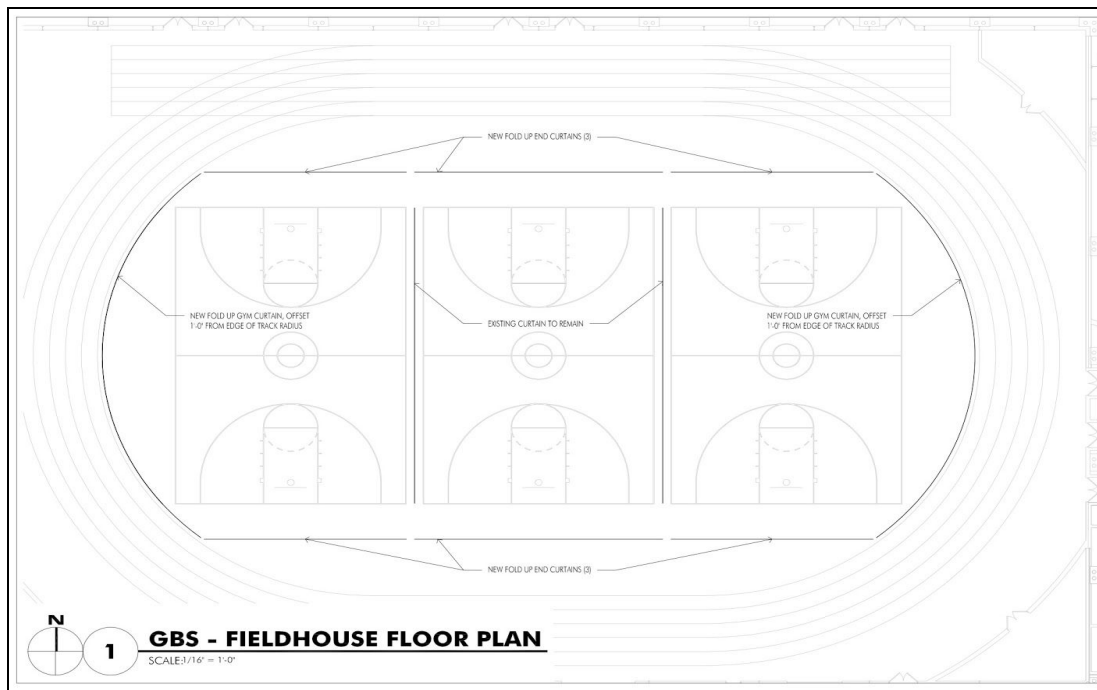

Recommendation

It is recommended that the Board:

- Accept a monetary donation from the Glenbrook South Booster Club to fund the purchase of additional fieldhouse curtains;
- Approve a bid for the purchase of additional fieldhouse curtains for use at Glenbrook South.

Background

Glenbrook South’s fieldhouse is scheduled every block of the day for physical education classes, and it is utilized the majority of evenings and weekends for athletic practices and contests. The fieldhouse currently has curtains that descend from the ceiling, creating three separate courts or teaching/coaching stations. In looking to maximize facility space, we identified that enhancements to our curtain layouts would enable the running track to be utilized in addition to the three divided courts. This is accomplished by adding additional curtains comprised of eight, fold up panels which will fully enclose the interior surface thus allowing the running track to be used simultaneously with the courts. An architectural schematic showing the layout of the curtains is inserted below:

Through the ongoing fundraising efforts of our parent volunteers, the Glenbrook South Booster Club has generously offered to fund the purchase of the new curtains. The estimated cost is \$95,000. Bid specifications are presently being created, and it is estimated that bids will be presented at the February 11, 2019 Board of Education meeting.
