Re: Approval to Make Available the FY2018-19 Tentative Budget and to Schedule a Public Hearing

on the FY2018-19 Budget

Recommendation

It is recommended that the Board of Education make available the FY2018-19 Tentative Budget for public inspection on Tuesday, August 1, 2017, and to schedule a public hearing on the adoption of the FY2018-19 budget on Tuesday, September 11, 2018.

Background

Each year the Business Services department is charged with the task of developing a budget in tentative form, to be presented and discussed with the Finance Committee and Board of Education. The budget materials attached include a summary of the District's 4,505 active expenditure accounts, and 208 active revenue accounts by fund, identifying the previous year's activity, and budgeted amounts for the 2018-19 fiscal year. In addition to the account detail provided, an updated narrative and summary has been included.

The FY2018-19 tentative budget and supporting materials were presented to the Finance Committee on Wednesday, July 25, 2018. As a result of the committee's discussion, revisions were made to the materials attached.

Recognizing the comprehensive information provided within the budget, the Business Services team has developed a "Key Findings" section, which begins on Page 3 of the budget document. This section lists important points that summarizes the success of the prior year, and provide context for the tentative budget for the new year.

In accordance with Illinois School Code (105 ILCS 5/17-1), the tentative budget shall be made available to public inspection for at least 30 days prior to adoption. Additionally, the Board of Education shall hold a public hearing prior to adoption of the budget. To fulfill these requirements the following activities are recommended:

• FY2018-19 Tentative Budget Made Available to Public Inspection
It is recommended that the tentative budget be made available on Tuesday, July 31, 2018.

- Public Hearing on the Adoption of the FY2018-19 Budget
 It is recommended that a Public Hearing on the adoption of the FY2018-19 budget be scheduled on Tuesday, September 11, 2018 at 7:00 PM to be held at the District Administration Building, 3801 W. Lake Avenue, Glenview, Illinois.
- Publish Notice of FY2018-19 Tentative Budget Availability and the Public Hearing

 Notice of the public hearing, and the availability of the FY2018 tentative budget will be published online, at each school office, and in the newspaper the week of August 1, 2018.

Notice of Public Hearing

NOTICE IS HEREBY GIVEN by the Board of Education of Northfield Township High School District Number 225, in the County of Cook, State of Illinois, that tentative budget for said School District for the fiscal year beginning July 1, 2018, will be on file and conveniently available to public inspection on the District's website accessible at www.glenbrook225.org, or at the District Administration Building located at 3801 W. Lake Avenue, Suite 101A, Glenview, Illinois from and after 8:00 a.m., on the 1st day of August, 2018.

Notice is further hereby given that a public hearing on said budget will be held at 7:00, on the 11th day of September 2018, at the District Administration Building located at 3801 W. Lake Avenue, Public Meeting Room, Glenview, Illinois in this School District Number 225.

Dated this 30th day of July, 2018. Board of Education of Northfield Township High School District Number 225, in the County of Cook, State of Illinois.

Key Findings

Overview

The Board of Education adopts an annual budget each year, with the goal of matching estimated revenue and expenditures resulting in a balanced operating budget. The tentative budget also includes expenditures as part of its overall budget, which utilizes existing fund balance for the purposes of one-time expenses such as construction and renovation projects.

The tentative budget represents the school district's best estimate of revenues and expenditures for a period of 12 months between July 1st and June 30th. Throughout the school year, the Business Services leadership team provides updates regarding the financial condition through monthly expenditure reports, revenue trends, and financial projections.

The following is a list of important points that summarize the success of the prior year, and provide context for the tentative budget for the new year.

Reconciliation of the 2017-18 Budget

Beginning on Page 31

Overall

- The 2017-18 operating fund budget approved by the Board of Education last September was considered to be balanced, which included \$122.3M in estimated revenues and expenditures.
- Across all funds, the budget included \$134.3M in estimated revenues and \$142.4M in estimated expenditures. This included the purposeful use of the life safety fund balance.
- As of June 30, 2018, the operating budget projects a pre-audit \$1.4M deficit, due to higher employee health insurance claims that exceeded employer and employee-paid premiums (\$1M), and the new printer/copier purchase (\$400,000) which was recorded in the 2017-18 fiscal year.
- Across all funds, the budget also includes an additional \$5,000,000 unbudgeted transfer from the
 Operations and Maintenance Fund to the Capital Projects Fund for the purposes of, "safety and
 security enhancements, learning spaces initiative, routine concrete repairs, paving and asphalt
 services, routine roofing repairs and replacement, replacement of existing parking lots, and
 electrical and mechanical upgrades".

Revenue

- Actual revenues represented 89% locally funded, primarily through property taxes.
- The school district received a considerable increase in state-funded categorical payments in the 2017-18 fiscal year, as a result of efforts of the Illinois General Assembly to restructure school funding formulas, and fulfill prior year obligations.
- The school district's revenue has been consistent with budget estimates, with the exception of property taxes and interest earnings. The district received between \$1.5-2M in early taxes from tax payers, as a result of federal changes to the State and Local Tax deduction (SALT). Our auditors will be reviewing the payments received through the prepayment process, and will be recommending an accounting adjustment in late August to defer a portion of the revenues stated to fiscal year 2018-19. Additionally, interest earnings were higher than anticipated.

Expenditures

- Actual expenditures represented 66.8% in salaries and benefits for all funds, or 74.7% for the operating fund.
- Changes to the school district's capitalization threshold, resulted in items originally budgeted as a capitalized expenditure being recorded as a non-capitalized expenditure.

Key Findings

Summary of the 2018-19 Tentative Budget

Beginning on Page 39

Overall

- The 2018-19 operating fund budget is balanced, which includes \$126.4M in estimated revenues and expenditures, compared to the 2017-18 operating budget of \$122.4M.
- Across all funds, the budget includes \$137.6M in estimated revenues, and \$143.5M in estimated expenditures. This included the purposeful use of life safety fund balance in the amount of \$5.8M for approved capital projects. This will be the third and final year of using the existing life safety fund balance from prior debt restructuring efforts.

Revenue

- The 2018-19 tentative budget reflects an increase in local property taxes in the amount of \$3.9M. This is partly contributed to growth in new property equalized assessed value of \$68M.
- The Village of Glenview's contribution through "The Glen Make Whole Payments" is estimated to provide an additional \$9.1M in revenue, which is consistent with 2017-18 receipts.
- State and federal revenue estimates remain consistent with 2017-18 levels.
- The school district's revenue represents 94% local funding, primarily through property taxes, with less than 6% of funding provided by state and federal sources.

Expenditures

- As part of the District's collective bargaining activities, compensation for employee groups has been adjusted to reflect negotiated increases. Additionally, the year-over-year increase represents anticipated increases in FTE as approved by the Board of Education.
- The health benefits budget has been increased to reflect changes to the health plan year timeline and calculation of rates.
- The contingencies budget has been decreased to reflect a 0.25% (quarter of one percent) for only the education fund and operations and maintenance fund.

About the District

Introduction

Northfield Township High School District 225, doing business as Glenbrook High School District 225, located approximately twenty-five miles north of downtown Chicago, Illinois, is a high school district serving students in grades 9-12. During fiscal year 2017, the District served 5,075 students¹ in two traditional high schools, Glenbrook North, located in Northbrook, and Glenbrook South, located in Glenview, as well as in a therapeutic day school (Glenbrook Off-Campus) and an evening high school program (Glenbrook Evening High School) also located in Glenview. This represented an increase of 16 students compared to fiscal year 2016.

The governing body consists of a seven-member Board of Education elected from within the Northfield Township High School District 225 boundaries, who each serve a four-year term. Board members are volunteers who do not receive a salary for their services.

Financial Recognitions

Certificate of Excellence in Financial Reporting

Glenbrook High School District 225 has been awarded the Certificate of Excellence in Financial Reporting (COE) recognition from Association of School Business Officials International (ASBO International) for the past 10 years. The District first received the award in conjunction with the Comprehensive Annual Financial Report from the 2007-2008 fiscal year.

In addition to nationwide recognition, the COE program provides school districts with additional feedback for use in continuing to improve the quality of financial reporting, and recognizes districts for their commitment to excellent in financial management and reporting.

Certificate of Achievement for Excellence in Financial Reporting
Glenbrook High School District 225 has received the Certificate of
Achievement for Excellence in Financial Reporting from the Government
Finance Officers Association (GFOA) for the past 9 years. The District first
received the award in conjunction with our Comprehensive Annual Financial
Report from the 2008-2009 fiscal year.

This recognition is awarded to state and local governments that go beyond the minimum requirements of financial reporting, by providing comprehensive financial reports that provide transparency and full disclosure.

Moody's Investors Services - Aaa Bond Rating

Glenbrook High School District 225 has received the highest bond rating available for the District's outstanding debt from Moody's Investors Services.

The rating of 'Aaa' indicates that our obligations have been judged to be of the highest quality, subject to the lowest level of credit risk.

¹ Enrollment data based on October 1, 2016 actual counts.

About the District

S&P Global Ratings - AAA Bond Rating

Glenbrook High School District 225 has received the highest bond and management rating available for the District's outstanding debt from S&P Global Ratings.

The rating of 'AAA' indicates that our capacity to meet our financial commitments of our obligations is extremely strong. Additionally, a financial management assessment (FMA) rating of 'Strong' indicates that our management practices are strong, well embedded, and likely sustainable.

Illinois State Board of Education — Financial Recognition Status
Glenbrook High School District was issued the status of "Financial
Recognition" for 2017 from the Illinois State Board of Education. The numeric
rating of 4.00 indicates that the District is in the highest category of financial
strength. This rating was issued based on the 2016-17 Annual Financial
Report data.

SCHOOL DISTRICT FINANCIAL PROFILE

The Illinois State Board of Education takes into consideration (5) factors when assigning a financial profile designation²: fund balance to revenue ratio; expenditures to revenue ratio; days cash on hand; percent of short-term borrowing maximum remaining; percent of long-term debt margin remaining.

² Illinois State Board of Education. (2017). School District Financial Profile. Retrieved from: https://www.isbe.net/Pages/School-District-Financial-Profile.aspx

Board of Education

Overview

In accordance with Illinois School Code (105 ILCS 5/33-1), Glenbrook High School District 225 is governed by an elected, 7-member Board of Education. All members are elected at-large to four-year terms, representing all residents in the District's boundaries. Board elections are held during the month of April as part of the consolidated election cycle in odd numbered years. Board members are volunteers who do not receive a salary for their services.

Members

The Board of Education includes three officers: president, vice president, and secretary. The president and vice president are elected annually by the Board membership, the secretary role is typically filled by the Assistant Superintendent for Educational Services.

Current Board of Education members are as follows:

Skip Shein President (2019)

Bruce Doughty Vice President (2021)

Peter Glowacki Member (2021)

Sonia Kim Member (2021)

Karen Stang Hanley Member (2021)

Marcelo Sztainberg Member (2019)

Joel Taub Member (2019)

Major Powers and Duties

As stated in Board Policy 1020: School Board Legal Status Authority, the major powers and duties of the Board include, but are not limited to:

- 1. Formulating, adopting, and modifying Board policies, at its sole discretion, subject only to mandatory collective bargaining agreements, other agreements entered into by the Board, and State and federal law.
- 2. Employing a Superintendent and other personnel, making employment decisions, disciplining and dismissing personnel, and establishing an equal employment opportunity policy that

Board of Education

prohibits unlawful discrimination.

- 3. Through policies or directives issued by the Board, direct the Superintendent, in his or her charge of the District as the chief executive of the District.
- 4. Approving the annual budget, tax levies, major expenditures, payment of obligations, annual audit, and other aspects of the District's financial operation; and making available a statement of financial affairs as provided in State law.
- 5. Entering into contracts including using the public bidding procedure when required.
- 6. Indemnifying, protecting, and insuring against any loss or liability of the District, Board members, employees, and agents as provided or authorized by State law.
- 7. Providing, constructing, controlling, and maintaining adequate physical facilities; making school buildings available for use as civil defense shelters; and establishing a resource conservation policy.
- 8. Establishing an equal educational opportunities policy that prohibits unlawful discrimination.
- 9. Approving the curriculum, textbooks, and educational services.
- 10. Evaluating the educational program and approving School Improvement and District Improvement Plans.
- 11. Presenting the District report card and School report card(s) to parents/guardians and the community; these documents report District, School and student performance as required by state statute.
- 12. Establishing and supporting student discipline policies designed to maintain an environment conducive to learning, including deciding individual student discipline brought before it.
- 13. Establishing attendance units (schools) within the District and assigning students to the schools.
- 14. Establishing the school year and calendar.
- 15. Requiring a moment of silence to recognize veterans during any type of school event held at a District school on November 11.
- 16. Entering into joint agreements with other boards and other governmental agencies to establish cooperative educational programs or to provide educational facilities.
- 17. Complying with requirements in the Abused and Neglected Child Reporting Act. Specifically, each individual Board member must, if an allegation is raised to the member during an open or closed Board meeting that a student is an abused child as defined in the Act, bring to the attention of the Board to direct the Superintendent or other equivalent school administrator to comply with the Act's requirements concerning the reporting of child abuse.
- 18. Communicating the schools' activities and operations to the community and representing the needs and desires of the community in matters pertaining to the District.

Board of Education

Meetings and Committee Structure

To fulfill their duties, the Board of Education meets regularly on the second and fourth Mondays of each month. All meetings of the Board of Education are open to the public and are organized in accordance with the Illinois Open Meetings Act (5 ILCS 120). During each meeting members of the public are invited to address the Board in accordance with Board Policy 2030.

In addition to the regular meetings, the Board of Education has established three standing committees to facilitate the review of topics relevant to the operation of the school district. These committees include:

- Facilities.
- Finance, and
- Technology.

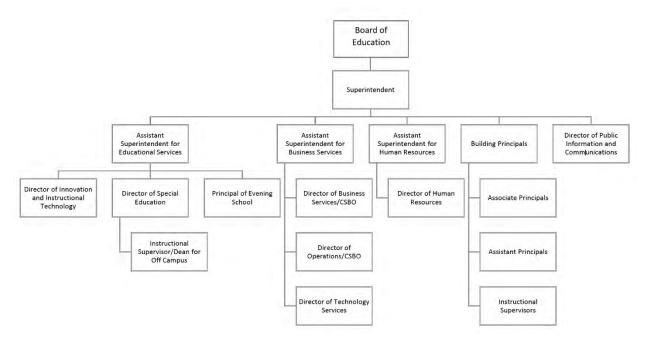

Each committee includes up to three (3) members of the Board of Education, as well as members of the District and School leadership teams (e.g. Principals, Associate Principals, Assistant Superintendents, Directors, Managers). Board committees meet periodically throughout the school year, and provide an opportunity to review draft proposals and recommendations from the Administration in a working group setting. Proposals and recommendations are then revised as needed, and typically presented to the full Board at the next regular meeting.

District Leadership Team

Organizational Chart

The Board of Education is responsible for employing a Superintendent and other personnel, including the District's leadership team. An organizational chart outlining the District's leadership team is presented as follows:

Senior Leadership Team

Current senior leadership team members include:

| District Office | Positions |
|------------------------|------------------|
|------------------------|------------------|

| Superintendent | Dr. Mike Riggle |
|---|------------------------|
| Assistant Superintendent for Business Services / CSBO | Dr. R.J. Gravel |

| Associate Principal – Glenbrook South High School – Curriculum and Instruction Mr. Cam | neron Muir |

Budget Calendar

Developing a budget is a year-long process that dynamically adjusts in response to local and external changes. At the core of the budget development process is a series of action items driven by state and federal guidelines, as well as a rich history of consistent and timely planning practices in our District. These action items are outlined in the annual budget development calendar that follows:

July

- Fiscal Year Begins
- BOE Action: Approval to Make Available the Tentative Budget and to Schedule a Public Hearing on the Budget (105 ILCS 5/17-1)

August

 Conduct Independent Audit of Financial Statements from Prior Fiscal Year (105 ILCS 5/3-7)

September

- BOE Action: Hold Public Hearing on the Tentative Budget (105 ILCS 5/17-1)
- BOE Action: Adoption of the Final Budget (105 ILCS 5/17-1)

October

- BOE Informational Item: Annual Audit Update
- BOE Informational Item: Master Facilities Plan Update
- BOE Action: Approval of the Annual Financial Report
- BOE Action: Approval of Capital Projects; Authorize Architectural Services and Bid

November

- BOE Informational Item: Enrollment Forecast Update
- BOE Action: Approval to Publish the Estimated Tax Levy (105 ILCS 5/17-1, et seq.) and to Schedule a Public Hearing on the Estimated Levy (35 ILCS 200/18-55)

December

- BOE Action: Hold Public Hearing on the Estimated Tax Levy (35 ILCS 200/18-55)
- BOE Action: Approval of the Tax Levy (105 ILCS 5/17-1, et seq.)
- <u>BOE Informational Item</u>: Updated 5-Year Financial Projection

January

February

- BOE Action: Approval of the School Operating Budgets and Small Building Projects
- BOE Action: Approval of Student Fees

March

- BOE Action: Approval of Certified Staffing FTE
- BOE Action: Approval of Contracted Services Contracts (If Applicable)

April

- BOE Action: Approval of Non-Certified Staffing FTE
- BOE Action: Approval of Capital Project and Life Safety Bids
- BOE Action: Approval of Health Insurance Renewal

May

BOE Informational Item: Updated 5-Year Financial Projection

June

- BOE Action: Approval of Administrative and Non-Union Salaries
- Fiscal Year Ends

Those items listed as <u>BOE Action</u> represent topics that will be presented to the Board of Education by the Administration for consideration. These items will always include an administrative recommendation for action, and will also denote any statutory timelines that might apply.

Items listed as <u>BOE Informational Item</u> represent topics that will be discussed at a Finance Committee meeting, as well as a regular Board of Education meeting. These items do not require formal action by the Board, but often are presented with the goal of receiving feedback and direction from its members.

Collective Bargaining Agreements

While not specified in the budget development calendar, the District has three collective bargaining units that are on a regular contract cycle. During the 2017-18 fiscal year, the Board of Education entered into new agreements with each unit. The current terms for the agreements are as follows:

| Association | Current Contract | Negotiation Topics |
|---|---------------------------------|--|
| Glenbrook Education Association (GEA) | July 1, 2018 – June 30, 2023 | 2022-23 School Year • All Contract Language |
| Glenbrook Educational Support Paraprofessional Association | July 1, 2018 – June 30, 2022 | 2019-20 School Year Compensation |
| (GESPA) | | 2021-2022 School Year • All Contract Language |
| Glenbrook Educational Support Staff Association (GESSA) | July 1, 2018 – June 30, 2022 | 2021-22 School Year • All Contract Language |

Traditionally the Board of Education and Associations enter into new agreements during the summer months, applicable to the first day of the fiscal year in which a new contract is approved.

Accounting Basis

In accordance with the National Council on Governmental Accounting (NCGA) and the Governmental Accounting Standards Board (GASB), the District prepares its financial statements using a modified accrual basis of accounting. As defined in GASB Interpretation No. 6, "The general purpose of these standards is to adapt accrual-basis recognition and measurement of the effects of certain types of transactions and events as necessary to measure and report flows of current financial resources-the measurement focus of governmental fund financial statements"³. For the 2017-18 audit, the District accrued expenditures occurring within 45 days of the close of the fiscal year.

Budget Structure

Glenbrook's budget is organized first by site (e.g. District; Glenbrook North; Glenbrook South) and second by program (e.g. English instruction; psychological services; technology services). Of the programs, several have been identified by the Board of Education as self-sufficient, meaning, they are responsible for covering all of their expenses through separate revenue source. All other programs are financially supported through the District's regular revenue sources. These sources include property taxes, state/federal grants, student/user fees, and other local revenue types. A listing of programs is presented on page 28.

Beginning with the 2018-19 fiscal year, the Illinois State Board of Education (ISBE) will require school districts to report expenditures at the school level. This requirement is associated with the State's efforts to implement the federal Every Student Succeeds Act (ESSA). As stated by ISBE, this reporting, "is not

³ Governmental Accounting Standards Board. 2000. Interpretation No. 6 of the Governmental Accounting Standards Board. Retrieved from:

http://www.gasb.org/cs/BlobServer?blobkey=id&blobwhere=1175824062796&blobheader=application%2Fpdf&blobcol=urldata&blobtable=MungoBlobs

intended to be used for state accountability purposes; rather, ISBE expects the resulting data to be used at the local level to inform decision making while also meeting federal requirements"⁴. Site-based expenditure data will be reported as part of the school report card published in the fall of 2020. It is important to note that a school is considered any institution within a school district, serving students in grades Pre-K to 12, that is considered a stand-alone school. For Glenbrook, this includes the following:

| Local Education Agency (LEA) | RCDTS (State Identifier) |
|-------------------------------|--------------------------|
| Glenbrook Evening High School | 050162250173001 |
| Glenbrook North High School | 050162250170001 |
| Glenbrook Off-Campus Center | 050162250173002 |
| Glenbrook South High School | 050162250170002 |

In fulfilling the reporting requirements, "all district expenditures, including but not limited to personnel costs, transportation, security, administration, and those that are funded privately" should be classified as either a Site-Level or District Centralized expenditure⁴.

Site-Level Expenditures include all of those expenses that can be associated with the operation of an LEA. For example, this includes the personnel, instructional materials, and operational expenses that are tied to a specific site.

District Centralized Expenditures include expenses that cannot be associated with an individual entity, based on how they are billed, assessed, or otherwise calculated. For the 2018-19 fiscal year, each school district has been granted authority to determine how centralized expenditures should be divided.

The general calculation is as follows:

Expenses Supported through Federal Dollars Site-Level Expenditures

- + Site's Share of District Centralized Expenditures
- Number of School Site Students
- = Per-Pupil Expenditure

Expenses Supported through State/Local Dollars

Site-Level Expenditures

- + Site's Share of District Centralized Expenditures
- ÷ Number of School Site Students
- = Per-Pupil Expenditure

The structure of the school district's general ledger already provides for this level of reporting, requiring minimal modifications. ISBE will be facilitating guidance sessions throughout the region this fall, to support individual school districts as part of this new requirement. The Business Services leadership team will be working with federal grant managers, the school leadership teams, and ISBE to ensure that the district meets all compliance requirements for the 2018-19 fiscal year budget.

Budgeting Approach

There are many ways to define a budget. Merriam-Webster defines a budget as, "A statement of the financial position [of an organization] for a definite period of time based on estimates of expenditures during the period and proposals for financing them⁵". In an effort to provide the best estimate of

⁴ Illinois State Board of Education. (2018). Every Student Succeeds Act Site-Based Expenditure Reporting Guidance. Retrieved from: https://www.isbe.net/Documents/ISBE-Site-Based-Expenditure-Reporting-Guidance.pdf

⁵ Merriam-Webster. (2017). Definition of Budget. Retrieved from: https://www.merriam-webster.com/dictionary/budget

expenditures and revenues, the District utilizes a variety of resources and tools including line-item trend analysis, estimated financial impact of pending legislation, and consistent calculation methods over time. While a budget is only an estimate of the expenditures and revenues, it represents the annual financial plan that is developed and consistently managed throughout the school year to ensure the financial stability of the District.

There are many parts of the District's expenditures which are formula-driven, and reviewed by the Board of Education on a consistent schedule (as illustrated through the budget development calendar). Examples of formula-driven components of the budget include:

- School Operating Budget (Base Allocation; Per Student Allocation; Facility Allocation)
- Certified Staff Personnel Allocation
- Special Education Staff Personnel Allocation
- Non-Certified Staff Personnel Allocation

Through the use of formula-driven budget allocations, the District is able to make consistent, responsible, and fair financial decisions that ensure generational equality, and reflect its commitment to long-term, strategic planning. Budget components that are not formula-driven are developed using a modified, zero-based budgeting approach. Using this approach, budget managers start the budget development process by considering:

- Historical data presented within the general ledger (e.g. trends in purchasing activities within certain expenditure objects);
- Review of current and future year individual program and school initiatives;
- Review of District-wide strategic plan initiatives;
- Requests from department staff and students.

Budget managers are cognizant of the reality that each line in their budget starts at \$0. Using the information available to them, as well as a team-based decision-making process that takes place within each program, budget managers submit a budget request to their school leadership team, or in the case of a District program, the Business Services department leadership team. Budget requests are subsequently reviewed by the leadership teams, compared to previous year expenditures (in an effort to prevent incremental budgeting), and prioritized within the larger school or District scope of needs, wants, and limited resources.

As illustrated in the budget development calendar presented, the majority of the District's budget is reviewed by the Board of Education between the months of February and April, prior to the start of the new fiscal year on July 1st. Taking this into consideration, most budget managers schedule their budget development processes based on these milestone dates, with most first drafts created during the months of December and January.

Personnel Resource Allocations

Overview

Glenbrook High School District 225 has implemented a formula-based approach to determining personnel resource allocations for each school year. The allocations processes are separated into three groups: certificated staff, special education certificated staff, and non-certificated staff. In general, all personnel decisions take into consideration:

- Enrollment projections;
- Student course requests and actual course enrollments;
- School and District academic goals;
- Negotiated class sizes and State-mandated case load ratios;
- Board of Education-approved assignments and releases.

Recommendations for personnel resource allocations, commonly referred to as FTE allocations, are prepared by the Human Resources leadership team, in partnership with the Superintendent and the school leadership teams. FTE allocations are presented to the Board of Education in the spring prior to the start of the fiscal year. To ensure that FTE allocations are not exceeded, a review procedure has been established as follows:

| Step 1 | Recommendation for FTE presented to the Board of Education |
|--------|--|
| Step 2 | Any newly hired personnel presented the Board of Education along with an initial salary placement |
| Step 3 | A payroll directive is created by a Human Resources specialist, approved by a Human Resources administrator, and submitted the Payroll Team |
| Step 4 | The Payroll Team verified the payroll directive with prior Board action, and create the compensation agreement in the financial management software (Skyward), if available FTE is available, and prior approvals have been received |

Enrollment Trends and Projections

Overview

Every year, using October 1st fall housing enrollment data the District updates its enrollment projections using a cohort survival method. Additionally, for the last few years, the District has hired Dr. Jerome McKibben to update his population forecast calculation. The results of the two methodologies are within one percent of each other for the first three years, after that, Dr. McKibben's forecast has proven more accurate.

Glenbrook Cohort Survival Forecast

The cohort survival forecast uses feeder enrollment figures and extrapolates the past and present into the future by following and tracking cohorts of students as they progress from one grade to the next. The following chart compares the recent projection using 10/1/17 fall housing data with the projection calculated a year ago using 10/1/16 fall housing data. Calculations using the cohort survival method have been most accurate projecting three years out, as such the below table shows projections for the next three fiscal years.

| | District-wide | | | GBN | | | GBS | | |
|--------|-----------------|---------------------|-------|-----------------|---------------------|-------|-----------------|---------------------|-------|
| | 10/1/2017 | 10/1/2016 | O/(U) | 10/1/2017 | 10/1/2016 | O/(U) | 10/1/2017 | 10/1/2016 | O/(U) |
| FY2018 | 5,151 actual | 5,129 projection | 22 | 2,023 actual | 2,030 projection | (7) | 3,128 actual | 3,099 projection | 29 |
| FY2019 | 5,207 | 5,153 | 54 | 2,059 | 2,071 | (12) | 3,148 | 3,082 | 66 |
| FY2020 | 5,269 | 5,176 | 93 | 2,063 | 2,076 | (13) | 3,206 | 3,100 | 106 |
| FY2021 | 5,238 | n/a | n/a | 2,047 | n/a | n/a | 3,191 | n/a | n/a |

Dr. Jerome McKibben Population Forecast

The population forecast methodology differs from the District's cohort methodology in that it primarily assesses the impact of factors such as fertility rates, housing patterns, mortgage rate, mortality rates, census data, migration patterns, unemployment rates and the dynamics of local private schools while also taking feeder data into consideration. This comprehensive approach lends itself to increased accuracy in long-term forecasts.

Overview

Northfield Township is located in Cook County, Illinois, and is comprised of the Villages of Glenview, Northbrook, and unincorporated parts of northern Cook County. In addition to its residential real estate, the Township houses numerous national and international businesses. An analysis of several economic datasets⁶ identified the following as the District's largest employers, within or near the District:

| Employer | Product or Service | Location | Approximate Employees |
|--|---|------------|--------------------------|
| Allstate Corporation, The | Insurance | Northbrook | 8,000 |
| Walgreens Boots Alliance, Inc. | Distributor of pharmaceuticals and home healthcare supplies | Northbrook | 6,500 |
| Walgreen Co. | Retail convenience & drug stores | Deerfield | 2,500 |
| Underwriters Laboratories, LLC | Independent nonprofit testing & certification | Northbrook | 2,000 |
| Baxter International, Inc. | Medical products, devices & services | Deerfield | 1,700 |
| CVS Caremark | Integrated health care services | Northbrook | 1,400 |
| Takeda Pharmaceuticals U.S.A., Inc. | Pharmaceuticals | Deerfield | 1,400 |
| Abt Electronics, Inc. | Retail consumer electronics & major household appliances | Glenview | 1,200 |
| Astellas Parma US, Inc. | Wholesale pharmaceutical products | Northbrook | 1,150 |
| Anixter, Inc. | Distributor of voice, video, data & power wiring systems products | Glenview | 1,000 |
| Kraft Heinz Foods Co., Technology Ctr. | Food products research, development & kitchen testing | Glenview | 1,000 |
| Baxter Healthcare Corp. | Corporate HQ & medical supplies & related products | Deerfield | 800 |
| Essendant | Wholesale furniture and general use products | Deerfield | 800 |
| Allstate Life Insurance Co. | Life insurance | Northbrook | 750 |
| College of American Pathologists | Pathologists' membership association | Northfield | 600 |
| Midwest Industrial Packaging | Packaging tools & dispensers for industrial application | Glenview | 600 |

 $^{^{8}}$ Cook County Clerk's Office. (2018). Tax Payers for Northfield Township High School District 225 - 2016 Tax Year.

Property Tax Extension Limitation Law (PTELL)

In February 1995, the Illinois General Assembly passed tax cap legislation (P.A. 89-1) for Cook County making it retroactive to the 1994 tax year. This legislation, known as the Property Tax Extension Limitation Law (PTELL), controls the District's ability to generate property tax revenues. PTELL permits school districts to increase its non-bond property tax extension by the change in the Consumer Price Index (CPI) or 5%, whichever is less. Additionally, school districts have the opportunity each year to increase its property tax extension by capturing new property that has come onto the tax rolls. This is accomplished by multiplying the limiting rate (non-bond property tax rate) by the amount of new property identified by the County in the extension preparation process.

In addition to P.A. 89-1, the Illinois General Assembly amended Article 20, which limits the amount of taxes for debt service that can be generated through the sale of non-referendum bonds, to the district's 1994 aggregate non-referendum debt service amount, increased annually by the change in the Consumer Price Index (CPI). This amount is referred to as the Debt Service Extension Base (DSEB). For the 2016 tax year, the DSEB limit is \$2,340,006.

Outstanding Debt

In November 2006, the voters of District 225 approved a \$94 million building bond referendum increasing the debt service tax rate by 8.5 cents. As outlined in the District's pre-referendum planning process, initial proceeds were used to restructure debt, with the balance of funds invested for future capital projects. As a result of these transactions, approximately \$4 million was replenished to the District's operating funds that had previously been restricted for alternate revenue bond payments, building maintenance and infrastructure.

In October 2016, the District approved the refunding of existing debt from the 2006 referendum, to maximize debt service funds given historically low interest rates. The District was able to save approximately \$6.6M in interest expenses as a result of the refunding activities. With access to these savings, and additional DSEB capacity, the District was able to raise approximately \$15M through the sale of limited life safety bonds, for the purposes of performing necessary facility and learning space projects.

In January 2018, the District approved the refunding of existing debt from the 2006 referendum (Series 2008 bonds), to maximize low interest rates. The District was able to save approximately \$1.7M through a uniform debt restructure. The savings of this debt issue was wholly passed on to the school district's tax payers, through slightly lower debt service rates for tax years 2025, 2026, and 2027.

A goal of both the 2016 and 2018 debt restructuring was to positively position the District to become debt free in tax year 2026.

As of March 2018, the District is carrying the following debt:

| Series | Debt Type | Total Outstanding | Final Tax Year |
|--------|--|----------------------|-------------------|
| 2018 | General Obligation Refunding School Bonds | 13,075,000 | 2026 |
| 2017 | Limited Tax Life Safety Bonds | \$10,000,000 | 2026 |
| 2016A | Refunding Bonds | \$39,845,000 | 2023 |
| 2016B | Limited Tax Life Safety Bonds | \$4,485,000 | 2026 |
| 2009 | Taxable General Obligation Ltd. Tax Lease Certificates | \$374,000 | 2018 |
| 2010 | Taxable General Obligation School Bonds | \$10,190,000 | 2026 |
| 2002B | General Obligation Refunding Limited Bonds | \$3,919,614 | 2020 |

Total \$80,888,614

Tax Rate

The District's tax rate is determined as part of the Cook County tax extension preparation process. The tax rate is composed of two parts: operating funds extension; debt service extension. Each part is explained in detail.

Operating Funds Extension Calculation

The operating funds extension starts with the assumption that the District is entitled to receive the prior tax year's extension, increased by the change in CPI or 5%, whichever is less. This amount is subsequently divided by the equalized assessed value (EAV) for the current tax year, minus any new growth that has come onto the tax roll. This amount results in a limiting rate, which, when multiplied by 100, results in the operating funds tax rate.

Below is an illustration of this calculation for the 2017 tax year.

Application of PTELL Calculation to Determine Property Tax Extension for Operating Funds

| Operating Funds Extension for Existing Property | Last Year's OFs Extension \$101,778,068 | × | Factor (Extension 1 + CPI <u>0.021)</u> 1.021 | - | This Year's OFs Extension \$103,915,407.43 | (Minus New Growth) x 100 assessed for every \$100 in EAV; This cannot be | | | |
|---|---|------------|---|------------------|--|--|--|--|--|
| Operating Funds Extension for New Growth Recognized by County Clerk by Tax Year 2017 | Limiting Rate | New Growth | - | = \$1,327,028.59 | Note about New Growth: Recognizing new growth through the tax levy process allows the District to increase its extension beyond what is limited to CPI. If a District does not capture new growth in a given year, the extension will not increase as much as it could. Overtime, the impact of no maximizing an extension in a given year compounds, resulting in a | | | | |
| Tax Year 2017 | | | 4.004.0004.000 | | \$105,242,436.02 | substantial loss in revenue to support educational programs | | | |

Debt Service Extension

The debt service extension is calculated by taking the total amount of debt service to be paid, along with any Loss and Cost factor⁹ that has been requested, divided by the total EAV for the current tax year. This amount, when multiplied by 100, results in the debt service tax rate.

Below is an illustration of this calculation for the 2017 tax year.

Calculation of the Debt Service Property Tax Extension

| Debt Service | Debt Service Rate | | This Year's <u>Total</u> EAV (Including New Growth) | This Year's DS Extension | |
|--------------|----------------------|---|---|-----------------------------|----------------|
| Extension | 0.1644 | x | \$5,436,852,518 | = | \$8,938,185.54 |
| | | | | | \$8,938,185.54 |

Note about Debt Service: Unlike the operating funds extension, the debt service extension is not limited by PTELL. This is because debt can only be issued by a voter-approved referendum, or through use of the debt service extension base (DSEB), which has been excluded from PTELL consideration.

⁹ The County Clerk has the authority when determining tax rates for the extension of tax levies to impose an additional rate factor to account for the loss and cost of uncollected taxes. The rate applied depends on the historical trend of uncollected taxes for the county. As a result, Cook County can add 5% to debt service levies to account for anticipated shortfalls. This factor further ensures that the District will collect sufficient property taxes as are necessary to fund operations and make all required debt payments.

Total Tax Rate

The District's total tax rate is the combination of the operating funds tax rate and the debt service tax rate.

Below is an illustration of the total tax rate for the 2017 tax year, as well as a sample impact analysis on a home that is valued at \$600,000.

| | | | Calculation of the Overall Tax Rate |
|---|---|-----------|--|
| Operating Funds Tax Rate | | 1.937 | This is the limiting rate shown above |
| Debt Service Tax Rate | + | 0.1644 | This is the debt service rate shown above |
| District 225 Tax Rate | | 2.102 | |
| | | Impac | et of Property Tax Extension on a \$500,000 Home |
| Assessor's Fair Market Value | | \$500,000 | Cook County assesses all real property at least once every three years |
| Cook County Assesment % | x | 0.10 | |
| Assessed Value | = | \$50,000 | |
| State Equalizer - Multiplier (Final 2017 Used) | × | 2.9627 | Ths Illinois Department of Revenue announces the real property equalization factor for Cook County each spring for the previous tax year |
| Equalized Assessed Value | = | \$148,135 | |
| Homestead Exemption | | \$10,000 | P.A. 100-0401 increased the General Homestead Exemption from \$7,000 to \$10,000 |
| Other Exemptions | | \$0.00 | |
| EAV After Exemptions | | \$138,135 | This is the value of real property that will be taxed |
| District 225 Tax Rate | - | 2.102 | |
| EAV After Exemptions | x | \$138,135 | The second of th |
| District 225 Tax Obligation | | \$2,904 | This is the amount a taxpayer will owe in District 225 taxes |

Tax Rate History

Below is a summary of the District's tax rate by fund. A notation of the statutory maximum rates is identified for those funds that are limited.

| Fund | Description | 2013 | 2014 | 2015 | 2016 | 2017 | Max. Rate |
|------|---------------------------------------|--------|--------|--------|--------|--------|--------------------|
| 10 | Education | 1.9713 | 2.0028 | 2.1114 | 1.7885 | 1.7447 | None ¹⁰ |
| 20 | Operations & Maintenance | 0.0892 | 0.0661 | 0.0683 | 0.0587 | 0.0758 | 0.5500 |
| 30 | Building Bonds | 0.1471 | 0.1492 | 0.1581 | 0.1263 | 0.1193 | None |
| 30 | Limited Bonds | 0.0463 | 0.0459 | 0.0487 | 0.0406 | 0.0393 | None |

| 51 | Medicare/Social Security | 0.0402 | 0.0396 | 0.0410 | 0.0352 | 0.0341 | None |
| 70 | Working Cash | 0.0190 | 0.0187 | 0.0194 | 0.0166 | 0.0161 | 0.0500 |
| | Total District Tax Rate ¹¹ | 2.3410 | 2.3663 | 2.4925 | 2.1053 | 2.1014 | |

¹⁰ Public Act 100-465 removed the specific rate limit for the Educational Fund levy for all school districts subject to PTELL. ¹¹ For Tax Year 2016 and prior, the Cook County Clerk's office rounds the thousandths place value up, if the ten thousandths place value equals an amount greater than 0 (e.g. 2.1101 = 2.111). This rounded value serves as the published tax rate for the taxing agency.

Accounting Structure Accounting

Accounting Structure

Overview of the General Ledger

Illinois School Code and Illinois Administrative Code outlines a series of requirements for developing and managing school district financial records. Each account within the District's general ledger follows a prescribed format composed of state and locally defined components:

| 10 | E | 200 | 1130 | 4100 | 00 | 001040 |
|------|------|----------|----------------------|--------|----------|----------|
| Fund | Type | Location | Source / Function | Object | Subject* | Program+ |

^{*} Subject is an accounting element that is not currently used within our school district.

The Illinois State Board of Education as prescribed by the Illinois Program Accounting Manual requires the use of specific account dimensions. Asset, Liability, Fund Balance, and Revenue accounts must include, at minimum, the Fund and Function account dimensions. Expenditure accounts must include, at minimum, the Fund, Function, and Object account dimensions.

The District's financial software program has the functionality to further define the Chart of Accounts with addition account dimensions; Type, Location, Subject, and Program.

Fund

A "fund" is an independent fiscal and accounting entity requiring its own set of self-balancing accounts, which are created in accordance with special regulations, restrictions, and limitations that earmark each fund for a specific activity or for attaining certain objectives. Each fund must be accounted for so that the identity of its resources and obligations and its revenues and expenditures is continually maintained.

<u>Type</u>

The type account dimension identifies balance sheet accounts: Asset (A), Liabilities (L), or Fund Balance (Q); and operating statement accounts: Expenditures (E) and Revenue (R).

Location

The location account dimension allows the District to identify activity related to a specific building and/or entity: District (100), Glenbrook North (200), Glenbrook South (300), Glenbrook Evening (400), Glenbrook Off-Campus (500), Glenbrook Transition (600), Glenbrook Aquatics (950).

Function

An account's function (for expenditure accounts) or source (for revenue accounts) represents the purpose for the account, and the types of activities that are recorded within the account's ledger.

- Revenue sources are classified into four broad categories; Local (1000s), State (3000s), Federal (4000s), and Other Sources (7000s).
- Expenditure functions are classified into seven broad categories; Instruction, Support Services, Community Services, Payments to other Districts/Government Units, Debt Service, Contingencies, and Other Financing Uses. Examples of functions include Property Tax Collections, Regular High School Programs, and Technology Services.

<u>Object</u>

An expenditure account's object represents a specific expenditure category within a function. Examples of expenditure objects include Teacher Salaries, Equipment Purchases, and Non-Consumable Supplies.

Program

A program is an accounting element used by the District to classify and group accounts together for an individual program or purpose. It also provides the capability of exercising budgetary control and the preparation of special reports.

⁺ Programs are defined by the district, and are not a required accounting element by the state.

Accounting Structure

Explanation of Funds

Funds Included within Financial Statements

Operating Fund

The Operating Fund is composed of the Education (10), Food Service (19), Operations & Maintenance (20), Transportation (40), Illinois Municipal Retirement Fund (50), Social Security (51), and Working Cash funds (70). The Operating Fund provides for the day-to-day services necessary to operate the school district.

The Board of Education has established a budget policy that requires unassigned reserves in the operating funds be maintained at a level equal to approximately 33% of the next year's projected operating expense budget. For the 2017-2018 fiscal year, this amount equals \$38,974,716.66.

Debt Services Fund

The Debt Services Fund is composed solely of Debt Service (30). This fund is required when taxes are levied to retire bond principal or to pay bond interest, or if other revenue is pledged to pay principal, interest, or service charges on other long-term debt instruments.

Capital Projects Fund

The Capital Projects Fund is composed solely of Capital Projects (60) and Life Safety (90) funds. This fund is utilized to record capital improvements to facilities.

This fund is also utilized to record improvements to facilities as outlined by an approved life safety plan filed with the Regional Office of Education and the Illinois State Board of Education.

Funds Excluded from Financial Statements

Community Programs Fund

The Community Programs Fund is composed of the Glenbrook Aquatics (95) and Community Programs (96) funds. These funds are utilized to record revenue and expenditures related to the Board of Education-approved self-sustaining, community programs to serve the Glenview and Northbrook communities.

Agency Fund

The Agency Fund (99) is utilized to record revenue and expenditures resulting from student activities, programs, parent organizations, or other designated staff programs approved by the Board of Education. Agency funds are considered property of the students and/or groups, and not the Board of Education.

Comments Regarding the 2017-2018 Budget

Explanation of Revenue Variances between Budget and Actual

- As part of the federal Tax Cuts and Jobs Act (P.L. 115-97), the State and Local Tax deduction (SALT) was amended to limit a tax payer's deduction to \$10,000 for state and local income, sales, and property taxes paid after December 31, 2017. As a result, a considerable amount of Cook County tax payers prepaid their 2017 tax bills prior to January 1, 2018. This resulted in the school district receiving the more than the first tax payment from taxpayers for the 2017 tax bill, referred to as early taxes. Our auditors will be reviewing the payments received through the pre-payment process, and will be recommending an accounting adjustment in late August to defer a portion of the revenues stated to fiscal year 2018-19.
- R2 CPPRT disbursements for the spring were lower than anticipated, based on the estimate prepared by the Illinois Department of Revenue.
- R3 Glenbrook Aquatics and summer school/camp programs revenue were lower than anticipated due to participation. Additionally, gate receipts for athletic events at both schools were lower than anticipated.
- At the time of developing the 2017-18 budget, a conservative approach to interest rates was utilized for projecting revenues.
- Refer to discussion of payment status for categorical funding on page 55.
- Refer to discussion of payment status for categorical funding on page 57.
- R7 The Board of Education acted on June 25, 2018 to transfer \$5,000,000 from the Operations and Maintenance Fund (20) to the Capital Projects Fund (60) for the purposes of: safety and security enhancements, learning spaces initiative, routine concrete repairs, paving and asphalt services, routine roofing repairs and replacement, replacement of existing parking lots, and electrical and mechanical upgrades. This transfer was not originally budgeted for the 2018-19 fiscal year, resulting in a variance.

Explanation of Expenditure Variances between Budget and Actual

- Actual health care claims for the self-insurance program were higher than employer and employee-paid premiums.
- Auditor adjustments to capitalized outlay expenditures will be made in August, to reflect 2018 summer construction activities that are divided between the 2017-18 and 2018-19 fiscal year.
- The second installment bond payments for the 2018-19 fiscal year were posted after the tentative budget was prepared. These will be reflected in the final budget.
- The Board of Education acted on June 26, 2017 to update the capitalization threshold. As a result of this change, items originally budgeted as a capitalized expenditure was charged to a non-capitalized account.
- E5 See comment R7.

Explanation of Net Effect on Fund Balance

According to our unaudited fund balances, it is anticipated that the District will decrease the total Fund balance in the amount of \$475,665. The final budget for the 2017-18 estimated that the District would decrease fund balance in the amount of \$8,118,477, for life safety expenses.

Combined Statement of Revenues, Expenditures, and Changes in Fund Balance – Operating Funds

Presented in this section is a combined statement of revenues, expenditures, and changes in fund balance for all District budgeted funds. Please note that the information presented is <u>unaudited</u>. Audited numbers will be presented in October 2018 as part of the FY2017-18 Annual Financial Report.

Comments Regarding the 2018-2019 Budget

Revenue

- R1 See page 21 for additional information.
- Towel fees were historically deposited into a liability account, which was not part of the operating statement (revenue, expenditures). As part of the restructuring of student fees, and the creation of a registration fee, towel fee revenues are now a part of the operating statement, as opposed to the balance sheet.
- R3 Revenue assumptions have been adjusted to reflect trend during the 2017-18 fiscal year.
- R4 Budgets for state and federal grants are added during the final budget presentation, once they have been approved by the applicable agency (e.g. Illinois State Board of Education).
- The only transfer that has been budgeted for the 2018-19 fiscal year, is the final lease certificate payment for the 3801 W. Lake Avenue property.

Expenditures

- As part of the District's collective bargaining activities, compensation for employee groups has been adjusted to reflect negotiated increases. Additionally, the year-over-year increase represents increases in FTE as approved by the Board of Education.
- An estimated increase to the health benefits budget has been calculated for the tentative budget. These figures will be updated *after* the open enrollment process is completed in August, and will be presented in the final budget.
- Increases in Capital Outlay are primarily attributed to the approved Life Safety projects, utilizing proceeds from the sale of bonds in 2016 and 2017.
- Telecommunication reimbursements funds that were received during the 2017-18 fiscal year are not anticipated for the 2018-19 fiscal year.
- In November 2017, the Board of Education Finance Committee updated the budgeted contingencies methodology. Beginning with the 2018-19 fiscal year, the budget will include a non-capital project contingency fund in the amount of 0.25% (quarter of one percent) for only the Education Fund and the Operations and Maintenance Fund.

Education Fund \$274,845 Operations & Maintenance Fund \$23,687 \$298.532

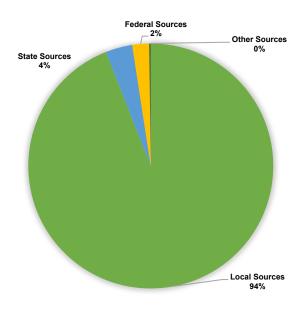

E6 See comment R5.

Revenue Sources Revenue

Local Revenue Sources

Property Taxes

Each December, the Board of Education formalizes its request for property tax revenue for the upcoming tax year. To complete the levy process, the school district reviews the prior year's aggregate extension (amount of money scheduled to be collected by the County), and determines if tax amounts levied in the prior year should be decreased, left at the same level, or increased. Historically, our school district has increased the tax levy based on the maximum amount allowable (CPI-U level for prior year), and estimated new growth that has recently been added to the tax base. New growth revenue is essential to the District in order to meet the economic challenges resulting from the new growth. It is also important to emphasize that once the value of new real estate becomes part of the overall tax base, it is limited by the tax cap. As a result, it is extremely important for a school district to capture all new growth as it becomes part of the tax base, as it cannot be captured retroactively.

For budgeting purposes, the District utilizes two levy years to determine property tax revenues. For the 2018-19 fiscal year, the following levy information has been utilized:

2017 Levy and Extension

The 2017 levy was approved by the Board of Education and submitted to the County Clerk in December 2017.

Due to delays in processing the levy and calculating the 2017 extension at the County Clerk's office, the County Treasurer mailed first installment bills to tax payers on or around January 31st in the amount of 55% of the prior year's assessment. The final Agency Tax Rate Report reflecting changes in EAV and the application of Property Tax Extension Limitation Law formula was issued by the County Clerk on June 11, 2018. Using this information, the County Treasurer mailed second installment bills to tax payers on or around July 1st which represent the remainder of the tax payer's liability.

All revenue received from the 2017 extension by June 30, 2018 is recorded in the general ledger for fiscal year 2017-18 as "Gen Taxes-Current Year". All revenue received from the 2017 levy after June 30, 2018 is recorded in the general ledger for fiscal year 2018-19 as "Gen Taxes-Prior Year".

It is estimated that the District will collect:

- 97.5% of the 2016 tax extension, or \$111,617,351;
- 52% (\$58,041,023) will be collected in fiscal year 2017-18;
- 48% will be collected in fiscal year 2018-19 (\$53,576,239).

2018 Levy and Extension

The 2018 estimated levy will be presented to the Board of Education in November 2018. In accordance with Truth in Taxation law (35 ILCS 200/18-56), taxing bodies with estimated tax levies that are more than 105% of the preceding year's extension, are required to publish the estimated amounts, and hold a public hearing. While our estimated levies do not typically require us to perform these two activities, the District continues to publish the levy, and holds a public hearing to provide an opportunity for our community to express their thoughts regarding the proposal.

Considering the CPI-U level for 2017 (2.1%), the District prepared a tax levy projection for budgeting purposes that:

- Estimates a levy extension of 102.1% of the 2017 aggregate extension;
- Assumes a collection rate of 97.5%, and that 48% of the anticipated collection will be received in fiscal year 2018-19.

It should be noted that PA 100-0465 provide a mechanism for voters to initiate a referendum to lower taxes for educational purposes by up to 10%. This mechanism is accessible in any school district that is above 110% of adequacy, as determined by the Evidence-Based Funding Model (EBFM). As of July 2018, there were 62,608 registered voters in the boundaries of the District. In order for the question to be

included on the ballot, 10% of registered voters (6,261) would need to sign a petition. Referendum can only be considered in odd number years at the consolidated election in April. The first time the question could be considered by voters is April 2019. Additionally, in the referendum fails, it may not be repeated until after two future consolidated elections (effectively once every 6 years).

Tax Increment Financing District (TIF)

Tax Increment Financing (TIF) districts are created by municipalities to improve areas of a community that are "blighted, decaying, and underperforming . . . in need of development or redevelopment" Prior to the creation of a TIF, the municipality must prove that the proposed property meets certain criteria established by the State. Once established, the existing value of the property is frozen, and all new value and property "go to the project fund controlled by the TIF district, not to the . . . schools, or any other taxing body" for a 23-year period. (Note: Taxing bodies continue to receive tax revenue based on the original assessed value of the property.)

The following TIF districts are active within the District's boundaries¹⁴:

| Municipality | TIF Name | Start | End | Frozen EAV | Total 2015 EAV |
|--------------|-------------------------|-------|------|------------|-------------------|
| Glenview | Naval Air Station | 1999 | 2022 | 26,882,825 | 469,838,455 |
| Northbrook | Dundee Rd / Skokie Blvd | 2005 | 2028 | 3,115,141 | 11,537,899 |

The largest TIF district within the District's boundaries is the Glenview Naval Air Station redevelopment project known as The Glen. The Glen is a multi-use development built on the original Glenview Naval Air Station property plus an additional 200 acres. Recognizing the impact of this development on taxing bodies including school districts, the Village of Glenview entered into an inter-governmental agreement to provide annual impact payments. These payments are known as "make whole payments", and are based on the number of students enrolled at Glenbrook South High School living within The Glen development. The Glen's property is anticipated to become part of the District's EAV in tax year 2022. It should be noted that tax year 2022 is a triennial reassessment year, and as such, the EAV will likely adjust based on inflation and trend for the regional area.

For budgetary purposes, the District utilizes make-whole payment revenue to first fund its annual capital project initiatives (Fund 60), and second to support the educational program (Fund 10).

Corporate Personal Property Replacement Tax (CPPRT)

Corporate Personal Property Replacement Tax (CCPRT) is paid by corporations, partnerships, trusts, S corporations, and public utilities within the district¹⁵. These taxes supplant lost revenue as a result of the elimination of a corporate tax on all property that was not 'real' (e.g. movable machinery, automobiles, livestock and furniture¹⁶) in 1979. Taxing bodies receive a portion of actual taxes collected, based on the portion of personal property taxes that was received in 1976¹⁷. As a result of the statutory formula, the District receives 0.360661 of the total 51.65% of CPPRT collections allocated for Cook County.

For budgetary purposes, the District utilizes CPPRT estimates that are prepared and published by the Illinois Department of Revenue's Local Tax Allocation Division and actual historical receipts. It is important to note, however, that CPPRT estimates are prepared based on trend analysis; disbursements

of CPPRT are based on actual tax receipts recorded since the last payment was issued to taxing bodies (January, March, April, May, July, August, October, and December).

In accordance with the State Revenue Sharing Act (30 ILCS 115/12), a taxing body is required to apply the portion of CPPRT revenue to, "the proportionate share of the pension or retirement obligations of the taxing district which were previously levied and collected from extensions against personal property". In the first full fiscal year that personal property taxes were not assessed (1980-1981), the District recorded CPPRT receipts in the amounts of \$945,764 (97%) in Fund 10, and \$26,660 (3%) in Fund 50. Using these figures, the District continues to budget, and ultimately allocate 97% of CPPRT collections as revenue in Fund 10 and 20 (based on needs), and 3% in Fund 50.

Interest Earnings

Interest revenue comes from two sources: interest earnings on District bank accounts; interest earnings on District investments.

In accordance with the Illinois Public Funds Investment Act (30 ILCS 235/0.01 et seq.), the Northfield Township School Treasurer is responsible for managing the investment of District funds. Investment decisions are governed by policies enacted by the Board of Trustees of the Northfield Township School Treasurer. There are several objectives that have been established by their Board Policy¹⁸:

- Safety of Principal
- Liquidity
- Return on Investments
- Maintaining the Public's Trust
- Diversification

Investments are permitted using common instruments (e.g. bonds, notes, certificates of indebtedness, treasury bills, interest bearing savings accounts and certificates of deposits, the Illinois School District Liquid Asset Fund). The Treasurer has established a routine investment schedule that complies with each school district's cash flow needs, and is responsible for reporting investment activity to each district on a monthly basis. Interest earnings from investment activities are deposited in each school district's general fund upon maturity of the investment.

Upon receipt of interest earnings, the District distributes the revenue based on the proportion of fund balances defined in the school district's Annual Financial Report for the preceding year (e.g. interest earnings received in November 2017 and distributed based on fund balances reported in the Fiscal Year 2016-2017 Annual Financial Report).

Student Fees

In accordance with Board Policy 4040, the Board of Education is presented each year with a list of recommended student fees for approval. In addition to Board-approved fees, students enrolled in specific courses may be assessed additional "course fees" which are reviewed and approved by the school principal on an annual basis.

All students attending a Glenbrook High Schools have historically been assessed three general fees: Chromebook fee, materials fee, and towel fee. These fees are deposited into District revenue accounts and used for the purpose designated. For the 2018-19 school year, the Board of Education approved the transition to a registration fee, combining the materials and towel fees. This transition was in an effort to decrease confusion by parents and students regarding whether the fee was to be paid by students enrolled in an educational program outside of their primary school building.

Additional user fees are assessed to students and families upon request. These fees are deposited into District revenue accounts and used for the purpose designated. The majority of our user fees are

Northfield Township School Treasurer. (2016). Board Policy: Investment of School District Funds. Retrieved from: https://drive.google.com/file/d/OBzKIplgx-c4MZIFtTVFNdnktN3M/view?usp=sharing

calculated based on the total amount of estimated expenses for the upcoming school year. Examples of these fees include: driver education behind the wheel, instrument rental, parking fee, transportation fee.

Other Local Revenue

Other Local Revenue reflects all receipts not associated with property taxes, student fees, or instructional program fees. Some of these other revenues include pre-school tuition, Glenbrook University fees, building/facility rentals (including Quest), Intergovernmental Services Agreements, Refunds and/or Rebates, and other local fees.

State Revenue Sources

General State Aid Payments

The Illinois Association of School Boards defines General State Aid as, "[Funds] which combines with "available local resources" to provide a minimum foundation level of income per pupil [to be] used at the discretion of the school district for any legal school purpose" General State Aid is primarily unrestricted, however, an Annual Spending Plan is submitted by the District each year to identify how funds designated for certain populations (e.g. students receiving special education services; low-income; English learners) are being spent each year.

The Illinois General Assembly took action last year to restructure the school funding formula through the following pieces of legislation:

Senate Bill 6 (SB6) > PA 100-0021

SB6 established a budget for the State of Illinois. This legislation included increases to the education budget. However, it should be noted that SB6 provides \$6.7 billion for the <u>Evidence-Based Funding Model</u>.

Senate Bill 1 > Senate Bill 1947 > PA 100-0465

SB1 includes a redesign of the school funding formula to reflect the Evidence-Based Funding Model (EBFM) supported by educators and leaders across the State. This model provides financial support from the State's budget to support the education of all students in PreK-12 school. It is designed in a manner that acknowledges that individual student needs require different amounts of resources, and that each district's ability to financially support its operations are different (e.g. local property wealth). The new funding formula, over time, will provide a more stable, sustainable school funding system that strives to get all districts to adequate funding.

Often advertised as #norednumbers, the EBFM includes provisions to ensure that:

- o All districts are kept whole based on FY2017 funding
 - If the Illinois General Assembly is unable to appropriate sufficient funds in the future to cover every district's base funding minimum, the most adequately funded districts will lose funds first; if this action is not enough, further reductions will be made on a per-pupil basis for all districts
- o All new dollars go to the needlest districts first (e.g. 50% to Tier 1; 49% to Tier 2; 0.9% to Tier 3; 0.1% to Tier 4)
- o All Districts are treated the same (e.g. Chicago Public Schools)

To determine future State-funding, the EBFM considers the cost of the 27 essential elements²⁰ that are written into the statute, and the local capacity to support the funding of 'adequate' educational services through local property taxes and CPPRT.

Effective with the 2017-18 fiscal year, Glenbrook will receive a base-funding minimum (BFM) of \$3,327,731 in the form of General State Aid. It is worth noting that as of September 2017, the Illinois State Board of Education has estimated that Glenbrook has an adequacy level between 160-165%, placing it in Tier 4 (Districts above adequacy).

As a Tier 4 district, our access to additional evidence-based funding from the State is significantly limited. 99.9% of all new funding will be distributed to Tier 1-3 school districts. Tier 4 districts only have access to a shared distribution of the remaining of 0.1% (one tenth of one percent) of any new dollars. As a result, the District is not estimated to see any notable increase in funding in the near future. However, assuming the Illinois General Assembly provides at least the funding necessary for each school district's BFM, the District will continue to receive at least \$3,327,731 on annual basis.

¹⁹ Braun, B. (2016). Illinois School Law Survey. Springfield, IL: Illinois Association of School Boards.

²⁰ The 27 Essential Elements were identified based on their statistically meaningful correlations to enhancing student achievement over time.

For budgetary purposes, the District utilizes the assumption that we will receive the base-funding minimum established by PA 100-0465, which is \$3,327,731.

State Categorical Payments

The Illinois General Assembly has identified several programs to be supported by State funds. Several of these programs are referred to as mandated categorical programs (MCATs). The Illinois State Board of Education defines these State-funded programs as, "In general, a mandated categorical program and the funds appropriated for it are earmarked by statute for a particular purpose or population and may be used for that purpose or population only"²¹ In addition to mandated categorical programs, there are other State-funded programs that are classified as categorical payments.

Recognizing the financial challenges faced by the State of Illinois, the Illinois General Assembly has often pro-rated mandated categorical programs and/or delayed funding disbursement. This has resulted in funding being unpredictable, presenting challenges to the budgeting process.

At the end of the 2017-18 fiscal year, many school districts were still owed funds from the State. The charts shown below identify the applicable funding streams, as well as the outstanding payments owed to the District.

The following is a summary of the District's mandated categorical payment status as of June 30, 2018:

| State Mandated Categorical Programs | FY2017 Outstanding Payments |
|--|-----------------------------|
| Private Facility Tuition (Students with Disabilities) (105 ILCS 5/14-7.02) | \$75,736.22 |
| Special Transportation (105 ILCS 5/14-13.01(b)) | \$226,480.86 |
| Orphanage Tuition (Students with Disabilities) (105 ILCS 5/14-7.03) | \$0 |
| Regular Transportation (105 ILCS 5/29) | n/a |
| School Breakfast and Lunch Program (105 ILCS 125) | n/a |
| Regular Education Orphanage Program (105 ILCS 5/18-3) | n/a |
| | Fatal #202 247 00 |

Total \$302,217.08

For budgeting purposes, the District typically budgets for the total amount owed from the prior fiscal year, plus two payments (depending on payment trend). This is because the State is required to budget (and ideally, pay) its deficit carry-forward balances from the previous fiscal year²²

The Illinois General Assembly has also provided for the participation in other categorical programs. Funding for these programs is typically timelier, compared to the MCATs.

²² Center for Tax and Budget Accountability. (2017). Illinois Fiscal System and Education Funding. Retrieved from: https://drive.google.com/file/d/0BzKIplgx-c4MOG5hd01PY1NtdVk/view?usp=sharing

²¹ Illinois State Board of Education. (2017). Overview of Mandated Categorical Program Funding. Retrieved from: https://www.isbe.net/Documents/mcat-narrative.pdf

The following is a summary of the District's other State categorical payment status as of June 30, 2018:

| Other State Categorical Programs | FY2017 Outstanding Payments |
|---|--------------------------------|
| Career and Technical Education Secondary Program Improvement (CTEI) | \$0 |
| Driver Education (105 ILCS 5/27-24.4) | \$27,482.77 |
| Tota | \$27 482 77 |

Federal Revenue Sources

Federal Categorical Payments

The United States Congress has also identified funding priorities in the form of restricted grants. Many of these grants are coordinated by the Illinois Department of Education, whereas others are facilitated by our special education cooperative, NSSED, or other State agencies. Given that most of the grants are designed as flow-through grants, where federal funds are collected by an administration agency, and then passed-on to local school districts, they are paid in a very timely fashion.

Payment of these grants is initiated after the District submits claims with the required documentation, to the facilitating agency. These grants include:

| Federal Categorical Programs | FY2017 Outstanding Payments |
|------------------------------------|--------------------------------|
| Perkins Grant | \$0 |
| Vocational Education | \$0 |
| Title I | \$131,926.00 |
| Low Income | ψ131,9 <u>2</u> 0.00 |
| Title II | \$27,540.00 |
| Teacher Quality | Ψ21,040.00 |
| Title III | \$0 |
| Immigrant Education Program IEP | ΨΟ |
| Title III | \$3,931.00 |
| Limited English Proficiency LIPLEP | Ψ0,001.00 |
| Step Grant | \$0 |
| Medicaid | ФО. |
| Admin Outreach | \$0 |
| Medicaid | \$0 |
| Fee for Service (FFS) | φυ |

Total \$163,397.00

Other Revenue Sources

Transfers

Transfers from other funds. For the 2018-19 fiscal year there is a single budgeted transfer of \$374K for the Operations & Maintenance Fund (20) to the Debt Services Fund (30). This transfer is for the lease certificate payment for the 3801 W. Lake Avenue property. This is the final payment on the 3801 property. The Board of Education will be presented with a Resolution to approve this transfer during the final budget approval in October 20

Expenditure Types

Expenditures – Fiscal Year 2018-2019 Budget

Salaries

The salaries budget represents wages paid for both Certified and Non-Certified district employees including substitutes. Certified staff includes administration, teaching, and counselors. Non-Certified staff includes instructional assistants, paraprofessionals, secretarial, maintenance, and other educational support personnel. Staffing is based on enrollment and special program allocations.

Benefits

The benefits budget, which is separated in the general ledger from the salaries budget, includes expenditures for health, dental, life, and disability insurances, payroll taxes, and pension costs. Also included in this category are tuition reimbursements, employee assistance and wellness programs.

Pension Benefits and Legislative Cost-Shifts

Depending on the type of work performed, employees and employers may be required to contribute to a pension fund. Employees working in a licensed capacity (e.g. required to hold a Professional Educator License, Educator License with Stipulations, Substitute Teaching Licensing in order to perform a designated service²³) contribute to the Teachers' Retirement System (TRS). Employees working at least 600 hours per calendar year in a non-licensed capacity (e.g. instructional assistants, clerical, maintenance, and technology staff), contribute to the Illinois Municipal Retirement Fund (IMRF).

The amount due to a pension fund for credible earnings²⁴ is divided into two portions: employer and employee. The chart inserted below, illustrates the contribution amounts required for each pension system.

| Earnings | Purpose | Employee Portion | Employer Portion |
|----------|--|------------------|------------------|
| IMRF | Pension Fund | 9% | 7.87%*^ |
| TRS | Pension Fund | 9% | 0.58% + |
| TRS | Teachers' Health Insurance Security Fund | 1.18% | 0.88% + |

^{*} The employer <u>also</u> contributes 6.2% for FICA benefits for all IMRF-eligible earnings.

As a result of recent actions by the Illinois General Assembly, some TRS earnings are subject to additional employer contributions:

- If an employee working in a licensed capacity is paid by federal funds (e.g. Perkins Grant, Title I), the school district must <u>also</u> contribute an amount equal to the "employer normal cost".
- If an employee working in a licensed capacity earns an amount in a year (July 1st June 30th) that is in excess of the salary set for the Governor of the State of Illinois (\$177,412 for 2018-19), the school district must <u>also</u> contribute an amount equal to the "employer normal cost", for the amount of salary in excess of the amount of the salary set for the Governor (e.g. if an employee earns \$180,000, the employer normal cost additional contribute would be calculated on \$2,588).

The Institute for Illinois' Fiscal Sustainability defines the normal cost as, "an actuarially-calculated amount representing that portion of the present value of pension plan benefits and administrative expenses which is allocated to a given valuation year . . . typically refers to the employer's remaining cost

[^] The employer rate for the 2018-19 fiscal year is presented; a District-specific rate is set each spring by IMRF.

⁺ The employer portion for TRS-credible earnings may vary due to legislative cost shifts.

²⁴ Compensation which is considered by a pension fund as part of a member's retirement annuity calculation; compensation for which the employee and employer must pay their required contributions to the pension fund.

Expenditures – Fiscal Year 2018-2019 Budget

after employee contributions are taken into account."²⁵ This amount is calculated by TRS each year. For FY2018-19, it is estimated that this amount will be 7.39%²⁶.

Introduction of Tier III Pension Program for TRS Members

One portion of recent legislation passed by the Illinois General Assembly that has not received a lot of news is the creation of a new Tier III pension benefit. Once implemented (estimated July 1, 2019), this new benefit will be available to <u>current</u> Tier II members, and <u>new</u> members in SERS, SURS, and TRS. It is important to note that guidance from TRS states that <u>new</u> pension system members will automatically be enrolled into Tier III, unless they opt into Tier II. Members will have a one-time, irrevocable opportunity to switch to Tier II.

What is the Tier III pension benefit?

Tier III is a "hybrid" retirement plan that is composed of two benefits:

- A small life-long defined benefit (DB) pension
 - o Employees will contribute an amount no more than 6.2% of their salary (actual amount to be contributed will be determined on an annual basis by TRS based on the normal cost of benefits)
 - o Prior to the 2020-21 year, the State will contribute 2% of each employee's salary to the system, and the Employer will contribute the remaining pension costs (0.58%)
 - o Beginning with the 2021-22 year, the Employer will contribute 2.58% of each employee's salary to the system
- A defined contribution (DC) plan which is similar to a 403(b).
 - o Employees will contribute a minimum of 4% of their salary
 - o Employers will contribute a minimum of 2% of the employee's salary, but can contribute up to a maximum of 6%
 - o Benefits from positive activity in the stock market, but carries risk
 - o The DC plan is portable

Tier III member's normal retirement age will be aligned with the Social Security eligibility date (as of today, 67 years). The final average salary calculations will be based on the member's average salary during the last 10 years of service. The initial pension calculation will be the final average salary multiplied by 1.25%. (Note: Tier II pensions are multiplied by 2.2%.) Once retired, members will receive an annual increase of one-half of the previous year's consumer price index, not compounded.

When will Tier III become available?

Tier III will become available after it receives approval from the Internal Revenue Service. In addition, TRS will need to develop procedures and systems for managing a defined contribution (DC) plan, which it has never managed previously.

The District continues to monitor the implementation progress and availability of the Tier III benefit.

Employee Health Benefits

The District entered into a consortium program for health benefits during the 2007-2008 plan year. The consortium was structured as an extension of the Secondary School Cooperative Risk Management Program (SSCRMP, which was formed in the late 1980s in an effort to reduce costs and share risk for liability insurance. Currently, the SSCRMP health program consists of three (3) member districts: Glenbrook High School District 225, Maine Township High School District 207, and Township High School District 214. Unlike the liability insurance program, each school district manages its own health program which includes plan design, open enrollment dates, coverage options, and contribution amounts. Additionally, the health program is not a risk-sharing program. Each school district is responsible for the payment of its own claims and contract expenses. However, the consortium provides each district with

²⁵ Institute for Illinois' Fiscal Sustainability. (2011). What Would it Mean to Shift More Illinois Teacher Pension Costs to School Districts? Retrieved from: https://www.civicfed.org/iifs/blog/what-would-it-mean-shift-more-illinois-teacher-pension-costs-school-districts

Expenditures – Fiscal Year 2018-2019 Budget

lower rates for fixed costs than could be achieved independently. Additionally, the consortium has entered into a joint broker agreement, for the purposes of managing elements of the self-insured plans.

In an effort to monitor the cost of employee health benefit programs, and to review and consider plan design changes, Glenbrook High School District established a local Cost Containment Committee. The Cost Containment Committee is comprised of members from the Glenbrook Education Association (GEA), Glenbrook Educational Support Staff Association (GESSA), the Glenbrook Educational Support Paraprofessional Association (GESPA) and representatives from non-unionized support groups. The Cost Containment Committee meets several times each year, and presents recommendations to the Board of Education for plan design changes on an annual basis.

The amount employees contribute towards health insurance premiums are based on Board Policy (for employees not represented by bargaining units), and the current bargaining agreement for each respective association. This school year, the Distrcit will be transitioning its plan year to begin on January 1st, and end on December 31st. To accommodate the transition, there will be a short plan year (September 1, 2018 – December 31, 2018), prior to the a new full plan year. This will provide greater consistency with IRS-driven benefit limits (e.g. flexible spending accounts), and will also provide better continuity for employee benefit awareness and education.

Purchased Services

The Illinois Program Accounting Manual (IPAM) defines purchased services as amounts paid for professional services rendered by personnel who are not on the district's payroll, and other services the district may purchase. While a product may or may not result from the transaction, the primary reason for the purchase is the service provided in order to obtain the desired results.

Such services include expenditures for professional and technical services, such as consultants, legal services, and other service contracts (e.g. Beck's Bookstore; First Student; Xerox professional services).

Supplies and Materials

The Illinois Program Accounting Manual (IPAM) defines supplies and materials as amounts paid for material items of an expenditure nature that are consumed, worn out, or deteriorated in use; or items that lose their identity through fabrication or incorporation into different or more complex units or substances.

Such supplies materials include expenditures for all instructional and operational purposes. Included in this category are utilities, consumable supplies, electronic resources, and instructional or testing materials.

Capital Outlay

Depending on the value of an individual asset, a purchase may need to recorded and charged to a capital outlay expenditure account. Purchases charged to a capital outlay account are considered capital assets of the Districts, and are included on the District's annual financial statements. Each capital asset is assigned to an appropriate depreciation schedule as defined by 23 Illinois Administrative Code 100.60, and its value depreciated on an annual basis as appropriate.

The Board of Education updated its capitalization threshold through Board action on June 26, 2017. The current threshold defines capital assets as those assets with:

- An individual cost of more than \$5,000, and
- An estimated useful life of at least 5 years,
- Unless otherwise required by State or Federal guidelines.

Purchases that are most likely to be charged to a capital outlay account include: building improvements, site improvements, architect services, construction management, capitalized equipment, and vehicles.

Expenditures – Fiscal Year 2018-2019 Budget

Dues, Fees, and Other

Includes expenditures for dues/fees and other miscellaneous expenditures not otherwise classified as salaries, benefits, purchased services, supplies and materials, capital outlay, and non-capital outlay.

Tuition

Represents the district's payments to outside agencies for special education tuition. Outside agencies can include public schools as well as private day and/or residential facilities.

Other Uses - Transfers

From time to time, the District will need to transfer funds from one fund to another. A transfer will typically take place when one fund does not have sufficient combined revenue and fund balance to meet its current year expenditures. A transfer may be temporary, in the form of a loan from one fund to another, or permanent.

Contingency

A contingency is defined as an existing condition, situation, or set of circumstances involving uncertainty as to possible gain or loss that will ultimately be resolved when one or more future events occur or fail to occur. Resolution of the uncertainty may confirm the acquisition of an asset or the reduction of a liability or the loss or impairment of an asset or the incurrence of a liability.

During the 2017-18 fiscal year, the District defined the following contingency levels:

- Construction / Capital Projects
 - o 2% Bidding/Design Contingency
 - o 2% Construction Contingency
- Operating Budget
 - o 0.5% per Fund Contingency

It should be noted that while contingency accounts exist in a budget, purchases are never charged to the contingency account. Alternatively, purchases would be charged to an appropriate expenditure account, and the contingency budget would be subsequently decreased to record the use of contingency funds in another account. In the event that a contingency budget is not utilized, and all other budget lines remained within budget, the remaining unspent, budgeted funds would result in an increase to the District's fund balance.

Non-Capitalized Outlay

Expenditures for items that would otherwise be classified as capital assets except that they cost less than the capitalization threshold.

Post-Retirement Benefits

Expenditures related to terminated or retiring employees including compensation for unused sick or vacation days and post-employment insurance benefits.

5-Year Financial Forecast

Financial Forecast Model

During the fall of 2017, the Business Services team partnered with Forecast5 Analytics to implement a financial forecast tool, 5Cast. This tool has been widely adopted by school districts and other municipal organizations throughout our region. A primary reason for the high adoption rate is the solution's overall toolset, comprehensive reporting suite, and ability to develop multiple 'what-if' scenarios to predict the impact of different local, state, and federal conditions. As part of Forecast5's commitment to projection integrity, their product 5Cast references several data sources to develop a projection, including:

- Audited, historical budget performance and fund balances from the Annual Financial Report;
- Current year budget as stated on the ISBE Budget Form
- Current and future year tax extension as stated on the Cook County Levy Report
- General ledger data including budgeted and actual account activity
- Calculated revenue and salary/benefit expenditures based on District-defined values entered into 5Cast's calculators
- Revenue and expenditures projections based on District-defined values

In an effort to develop a working 5Cast projection model for review by the Board, we utilized a set of assumptions. These assumptions are similar to those which have been historically utilized by the District, with some modifications due to actual budget performance, and trend analysis. The assumptions utilized are outlined below.

Revenue Assumptions

The following assumptions were utilized for the 5-year financial forecast presented.

| Assumption | 2018-19 Model |
|--------------------------------------|---|
| Property Tax Revenue | 52% of "Current Year" Levy 48% of "Prior Year" Levy 97.5% Collection Rate CPI of 2.1% for LY2017 CPI of 2.0% for LY2018+ |
| Make-Whole Payments | Actual Calculation for FY2018 Anticipated Trend for FY2019+ |
| Interest Income | Remain Flat |
| Student Fees | Estimated Collections |
| General State Aid | ISBE-Defined Base Funding Minimum for FY 2017-18 |
| State and Federal Categorical Grants | Outstanding Payments and Estimated New Payments to be Received |
| Debt Service | Debt Book Values |

5-Year Financial Forecast

Expenditure Assumptions
The following assumptions were utilized for the 5-year financial forecast presented.

| Assumption | FY2018 Model |
|---|--|
| Staffing Projections | Maintain Current Ratios |
| Salaries and FICA / Medicare (Increase w/ Lane and Step) | 3.5% for Teachers for FY2018+ 2.0% for Administration for FY2018+ 3.75% for Non-Licensed for FY2018+ 2.0% for Extra Duty for FY2018+ |
| Employer IMRF | 10% |
| Health Benefits | 7% for Medical / Dental for FY2018+ 3% for Life / LTD for FY2018+ |
| Retirement Contributions | \$100,000 |
| Non-Personnel Expenditures | Based on Contractual Agreements, New Initiatives, and CPI 0.7% for FY2018+ 2.1% for FY2019+ 1.2% for FY2020+ |
| Capital Projects | \$1,000,000 |
| Life Safety Projects | Based on Schedule |

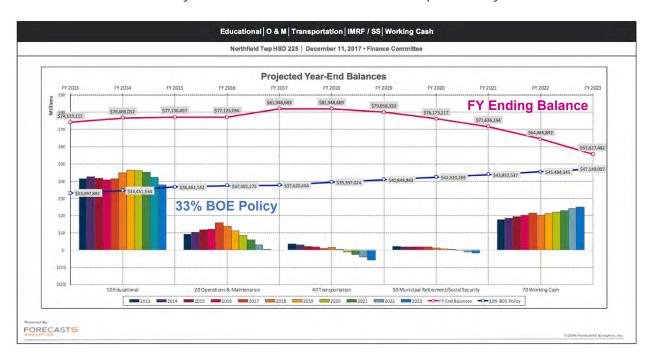

5-Year Financial Forecast

5-Year Financial Forecast

This 5-Year financial forecast was prepared for review by the Finance Committee and the Board of Education in December 2017.

It should be noted that the 2018-19 budget has not been calculated in the forecast presented below. The District's 5-year financial forecast will be updated after the audit has been completed for the fiscal year ended June 30, 2018, and any final entries have been recorded for the prior fiscal year.
