Re: Textbook Changes  
Date: February 27, 2023

### **Recommendation**

The [list of recommended textbook changes](#) for next year is being presented for the Board's preliminary review. It is our intention to resubmit this item on the consent agenda for approval at the regular Board meeting of March 13, 2023.

### **Textbook Adoption Process**

The examination of current texts is part of the curriculum review process to assure appropriate, relevant and engaging materials for our students. Teachers have proposed requests which were reviewed by Instructional Supervisors and Associate Principals. New texts may be requested based on the availability of digital resources, addition of new courses, and updates of curricular resources. While this compilation contains the majority of textbook changes, we may bring to the Board a limited number of texts in mid-summer as a result of summer curriculum projects.

### **Background**

Textbook changes are based upon [Board Policy 7180](#).
