RE: PRELIMINARY REVIEW of TEXTBOOK CHANGES

DATE: March 30, 2016

Attached you will find the list of textbook changes recommended for next year for Glenbrook North and Glenbrook South.

**Textbook Adoption Process and Timeline**

Requests have been proposed by teachers and were reviewed by instructional supervisors and associate principals. All attached requests are recommended for approval. Copies of the textbooks will be available at the April 11 board meeting. Ryan Bretag, associate principal at Glenbrook North, and Cameron Muir, associate principal at Glenbrook South, will be at the meeting to assist in addressing questions as will instructional supervisors.

While this compilation contains the majority of textbook changes, we may bring to the board a limited number of texts in mid-summer as a result of summer curriculum projects.

I recommend that the attached list be presented for the board's preliminary review at its meeting of April 11, 2016. **It is my intention to resubmit this item on the consent agenda for board approval at the regular board meeting of April 25, 2016.**

**Digital Resources Update**

With 1:1 Chromebook implementation, many digital textbooks and resources are proposed for adoption. Cost-savings associated with digital resources are substantial. There is no buy-back for digital versions of textbooks; however, the greatly reduced price far exceeds what parents would receive in buy-back of print textbooks.

**Re:** Textbook Adoptions for 2016-2017  
**Date:** March 17, 2016

**Glenbrook North High School  
Textbook Adoptions for 2016-2017**

Attached you find the *Glenbrook North Textbook Change Summary 2016-2017* document. The GBN curriculum has continued to evolve through the curriculum review process, the availability of digital resources, changes in AP curricular programs, updating of resources and building goals to support literacy skills. With these initiatives, changes in textbooks emerged from the following areas:

- Applied Technology (1),
- Business (1),
- Family and Consumer Science (1),
- Fine Arts (1)
- Math (1),
- Science (3),
- Social studies (8).

Re: Textbook Adoptions for 2016-2017

---

Attached you will find one document that summarizes the request for textbook adoptions: *Textbook Change Summary 2016-2017*.

The curriculum at GBS continues to evolve through the Educational Planning Process, the AP Audit, articulation with sender districts, research in best practices, and the ever changing needs of our at-risk students. GBS continues its focused work on curricular alignment, backward design, and instructional strategies. This work has led faculty in their professional conversations related to best practices in those areas. The newly adopted Technology Vision along with efforts over recent years to incorporate technology into the classroom and capitalize on online sources influences and informs the decision related to instructional materials. Some of the choices for new texts are an outcome of the continued work of these course teams as they reflect on appropriate, relevant and engaging material for students.

Along with these curricular changes, come requests for changes in a number of textbooks in English (8), mathematics(4), social studies (7), and world language(7). Some course teams have chosen to use instructional texts or materials that are available online in CTE(6).
