RE: PRELIMINARY REVIEW FOR ADDITIONAL TEXTBOOK  
CHANGES FOR THE 2009-2010 SCHOOL YEAR

DATE: July 6, 2009

Occasionally, as a result of ongoing spring and summer curriculum development, or new information from publishers relative to textbook availability, the need arises to bring forward additional recommendations for textbook changes. Attached you will find a recommendation for four additional textbooks for next year at Glenbrook North. In each of these cases, the reason for the request is due to new information from the publisher relative to textbook availability. The requests have been reviewed by the teachers involved, the instructional supervisors and the associate principal-curriculum.

The attached requests, highlighted in yellow, are recommended for approval. Please note that because the district moved to a new online textbook adoption program last spring that is in need of further updates, summer textbook changes cannot be separated from those that went to the Board in April. A copy of the proposed textbooks will be available for review at the July 13, 2009 Board meeting. If the Board feels comfortable with approving the proposal that night, the books can be ordered in time for the start of the school year.

As an informational item, the fifth-year Spanish courses (Spanish 563, Spanish 573, and Spanish AP 583) would like to incorporate the *Tell Me More* online skills-based program into the curriculum. This program has already been approved by the Board for use in other courses and would especially enhance the AP course that has become more skills-based. This would be at an additional \$20 cost.

I recommend that the attached textbook recommendations be presented to the Board of Education for the Board's preliminary review and possible action at its meeting of July 13, 2009.
