DISCUSSION/ACTION: UPDATE ON THE GBN PRINCIPAL SELECTION PROCESS

Mr. Swanson provided an update on the work with Ray and Associates and the selection process including:

- Focus group participation
- Number of applicants (17 total, 9 out of state)
- Application deadline is January 9, 2015

In response to board members' questions the administration stated:

- Ray and Associates will be responsible for gathering the data from the focus groups.
- Ray and Associates will share the 32 characteristics the participants are looking for.

- There was a very strong response to our posting, but there is a possibility that this number will increase over the Thanksgiving break.

Ms. Wilkas arrived at 7:17pm.

Dr. Riggle stated that as a result of legislation that was passed and signed by the governor in August 2013, the candidate pool will be restricted to those who currently hold an Illinois license. Dr. Riggle reviewed the process necessary to receive an Illinois administrative license and what positions need this license.

Dr. Riggle stated that he has been working with our local legislators regarding legislation, but it will be outside of the hiring timeline of the GBN principal position.

In response to Board members' questions the administration stated:

- Depending on our candidate pool, there are options we can consider.
- Our hiring timeline positively positions us first with other districts hiring in the area.
- Concern with putting our hiring on hold based on what the legislators might do.

Dr. Riggle stated that he will continue to work on this topic with legislators, but wanted to give the Board an update.

DISCUSSION/ACTION: NSSED

Dr. Riggle:

- Stated District 112 put their decision to leave the consortium on hold for one year after reviewing the proposed billing structure.
- Stated District 109 initiated an intent to withdraw letter from the consortium.
- Stated districts overall are showing concern with the billing structure.
- Reviewed the reasoning for the cooperative.
- Reviewed the reasoning behind the billing structure.
- Explained the process if District 112 decided to leave the consortium.
- Reviewed the proposed changes to the billing structure and the potential impact to member districts.

Ms. Pearson and Mrs. Siena explained the proposed billing structure spreadsheet and the impact to District 225.

The administration answered clarifying questions on:

- Usage
- Member Cost
- Billing structure
- Program redesign

In response to a board member's question the administration stated that the survival of NSSED was at a turning point and the restructure is in response to members who were possibly considering leaving. NSSED has done a good job of listening to the districts' concerns and making proposed billing structure changes.

A board member is concerned that the districts are looking at NSSED only as a financial decision and not from a quality perspective.

In response to board members' questions the administration explained:

- The proposed billing structure will yield an unbalanced budget and how NSSED will cover the shortfall.
- The non-member costs and economies of scale between districts.

Dr. Riggle stated that he recommends voting yes to this proposed billing structure. He will continue to have discussions on the philosophy of the cooperative and what is equitable.

The Board reached consensus to approve the proposed billing structure.

In response to a board member's question Ms. Pearson explained why we are the largest member of NSSED.

DISCUSSION/ACTION: SENATE BILL 16

Dr. Riggle reviewed Senate Bill 16 relative to what District 225 would lose if the bill passed.

Mrs. Siena reminded the Board that general state aid is not included in our budget because we have expected this money to go away. She stated that the bill is designed to have a Robin Hood effect. She mentioned that a revised bill could include pension reform.

Dr. Riggle stated that we do not oppose the bill in theory, but the bill contains a new formula for the distribution of general state aid, but does not introduce any new money.

11/24/14

The administration explained their opposition to this legislation.

Dr. Riggle stated that there is belief that this bill will be amended and become the mechanism for introducing a pension cost shift to local districts, as well as funding for the Chicago Public school pension.

In response to a board member's question Mrs. Siena stated that the special education expense is higher in North Shore because our community expects a certain level of service.

In response to a board member's question Dr. Riggle stated he wanted to make sure the Board had a chance to gain an understanding of the bill as well as other political concerns that we anticipate in the near future. He wanted to understand the Board's wishes because he would be speaking for the Board with legislators and the public and to inform our community.

Board members discussed:

- The State wanting consolidation of school districts.
- The benefits of our reserve levels during these uncertain times.
- Framing the importance of equity.

Dr. Riggle stated he would put a draft together and review it with Mr. Shein and Mr. Boron before publishing anything.

MISCELLANEOUS TOPICS

Dr. Riggle asked the Board to consider a special meeting for closed session items on student discipline and bargaining on Monday, Dec. 8 at 7 p.m.

In a follow up to a board member's question regarding the Chicago Tribune article on per pupil spending, Mrs. Siena presented a handout: Comparison of Glenbrook 225 and Niles 219 Operating Expense per Pupil Based on Average Daily Attendance FY2013-2014.

A board member thanked Mrs. Siena for putting the document together.

Mrs. Siena answered clarifying questions regarding the handout.

Dr. Riggle explained differences in student attendance relative to the block schedule and the old modular schedule at GBS.

Dr. Riggle referenced an informational packet that was provided to board members.

A board member commented on a GBN student.

Dr. Riggle indicated that this should be discussed as a closed session item.
