RE: FOIA Requests

FOIA Response:

Please see the attached email response. Responsive documents can be found online at <http://il.glenbrook.schoolboard.net/board>. (Responsive documents will not be attached to the all documents pdf, but can be found under the FOIA agenda item.)

Background:

The Freedom of Information Act (FOIA - 5 ILCS 140/1 et seq.) is a state statute that provides the public the right to access government documents and records. A person can ask a public body for a copy of its records on a specific subject and the public body must provide those records, unless there is an exemption in the statute that protects those records from disclosure (for example: records containing information concerning student records or personal privacy).

A public body must respond to a FOIA request within 5 business days after the public body receives the request or 21 business days if the request is for commercial purpose. That time period may be extended for an additional 5 business days from the date of the original due date if:

- The requested information is stored at a different location;
- The request requires the collection of a substantial number of documents;
- The request requires an extensive search;
- The requested records have not been located and require additional effort to find;
- The requested records need to be reviewed by staff who can determine whether they are exempt from FOIA;
- The requested records cannot be produced without unduly burdening the public body or interfering with its operations; or
- The request requires the public body to consult with another public body who has substantial interest in the subject matter of the request.

If additional time is needed, the public body must notify the requester in writing within 5 business days after the receipt of the request of the statutory reasons for the extension and when the requested information will be produced.

Dear Dr. Williamson:

This is a request under the Illinois Freedom of Information Act. I am sending this request to all Chicago-area school districts, to find out which have school resource officers (SROs) assigned to any or all of their schools.

Under the Illinois Freedom of Information Act, I am requesting documents sufficient to show which schools in Glenbrook/Northfield Township High School District 225 have a school resource officer (SRO) assigned; and – if there is an SRO in the school – I am also requesting documents showing all policies and guidelines for that school resource officer.

Please send all requested documentation to me at katie.kim@nbcuni.com. If you are not able to send these records electronically, please contact me as soon as possible, so that I can arrange another way to get these records from you. And if there is any way in which I can help in gathering this information and documentation, I would be happy to do so.

Because these records are in the public interest, I ask that you waive any reproduction fee. And if you deny this request, please tell me on what grounds, and to whom I should appeal.

If you have any questions or need any additional information, please don't hesitate to contact me at katie.kim@nbcuni.com or at (312) 836-5577. Thank you so much for your time and consideration in this matter.

Sincerely,

Katie Kim
