RE: Digital Learning Report
DATE: February 10, 2014
CC: Board of Education

The educational experience of the 1:1 learning initiative will be presented at the February 10 Board meeting.

Overview

For the purpose of this presentation teachers and students will share successes as well as challenges that emerged during the first semester. Data shared will include teacher professional development survey results, Google Dashboard Analytics and focus group themes. We will continue to collect quantitative and qualitative data regarding student engagement and the other goals through second semester. Additional findings will be shared with the board at the end of the school year as an information item.

Goals

The 1:1 learning initiative had the following goals related to teaching and learning:

- 1 Raise the level of student engagement (Academic Engagement - engagement of the mind & Emotional Engagement - engagement of the heart).
- 2 Create anywhere, anytime access to digital resources and applications - digital textbooks, online resources, Google tools, Internet, and social media
- 3 Enhance the teaching and learning experience shaped by the infusion of a standard device in the classroom

First Semester 1:1 Learning Initiative Overview

- Total Hardware Numbers: 3900 Chromebooks
- Total Classroom/Student Numbers: 9th-11th grade at GBN, GBS, GBE/GBOC
- This initiative strategically targeted professional development for the first year of implementation

Next Steps

A review of current device and pricing model and a proposed device and pricing models for the 2014-2015 school year will be presented at the February 24 Board meeting.
