

Preliminary Discipline Review

Purpose

The attached data is to provide information for the district Discipline Review Committee (DRC) and the RtI committees of each school. The DRC will be comprised of administrators, teachers, parents and students from each school. After reviewing information and policies, recommendations from the DRC will be presented to the Board of Education in January.

Preliminary Findings

Upon review of the discipline data for the school years 05/06, 06/07, 07/08, & 08/09, the following preliminary information has been identified:

- Attendance infractions represent the majority of discipline issues at both schools.
- Board Policy 8460, the Drug and Alcohol Policy, was changed in 2005 to become student intervention based. After examining trends of drug and alcohol violations, our findings reveal no statistically significant change in the number of violations while the number of Student Assistance Program referrals continues to increase.
- Discipline issues that affect safety and cause significant disruption to the school day occur with very low frequency and have had no significant increase over the last four years.
- Cell phone infractions have steadily increased over the years. Four years ago, cell phone issues were less than one percent of the infractions. As of the 08/09 school year, cell phone violations have risen to approximately five percent of the infractions at both schools.

These findings affirm our commitment to proactive programs that promote a positive, safe and secure learning environment. Examples of these programs include:

- Student Assistance Programs (SAP)
- Peer Group for Freshman
- Comprehensive Programs that Foster Student Involvement - *Approximately 90% of GBN & GBS students are involved in extracurricular activities*
- Peer Mediation at GBS
- Latino Support Team (LST) at GBS
- Advocacy for GBN Sophomores

We are encouraged by our preliminary findings. With the ongoing support of our board, administration, staff, students, and parents we will continue to realize exceptional results.

Glenbrook North - Disciplinary Infractions by Year

2005/2006	Top Six Infractions	%	Category I Infractions	%
