Re: GBN Booster Club Gift – New Baseball Field Dugouts

Date: February 23, 2011

The GBN Booster Club has generously agreed to fund the construction of new baseball dugouts on the varsity field. Athletic Director, John Catalano, the GBN baseball coaching staff, Jim Quinn and the plant operations staff, and Arcon architect, Mike Sauer have worked closely with Schwall Builders of Northbrook to build dugouts that will complement recent structures (main field bathroom building and softball dugouts) located within the athletic field areas. The cost of this project (approximately \$75,000 is in line with dugout projects completed recently at other high schools) will be paid for by the GBN Booster Club.

I enthusiastically support this endeavor and encourage you and the Board of Education to accept and approve this remarkable gift reflective of thousands of sales at the concessions stands and athletic wear tables. Once again, the GBN Booster Club is demonstrating extraordinary investment toward the betterment of the Spartan community and we are overwhelmed with gratitude.

Please call upon me with questions you may have regarding this initiative.
