Re: Glenbrook Orchestra & GBS Jazz Band Tour

Date: October 30, 2012

Paul and I have met with our respective instructional supervisors to clarify questions raised regarding the Glenbrook Orchestra and GBS Jazz Band educational tour. Attached is a memo from Mr. Marty Sirvatka summarizing important provisions that have been planned by the instructors in conjunction with participating families for this tour.

The defined travel dates of traveling Friday and returning Wednesday were the best monetary options for students involved, and did not ignore any religious events or place the importance of one religious event over another. Instructional supervisors from both schools have shared that situations like this have arisen before, including a performance on Easter Sunday, and have always been handled satisfactorily. Unfortunately, students will miss Palm Sunday and Passover with their families if they choose to go on this trip, but the instructors are planning on making accommodations for students, including the option of participating in Passover with a Seder meal that will be hosted by a rabbi who is a relative of one of the GBN parents.

The tour includes a Tuesday workshop with the Grammy Museum that is a significant component of the trip. The workshop date and time has been set by the museum and cannot be changed. For the group to be there on Tuesday, they would need to travel on Monday at the latest and would be away from Glenview and Northbrook on Monday and Tuesday to take advantage of this opportunity.

Let us know if you need any additional information and we join you in and appreciate your support of this valuable tour.

GBS Orchestra and GBS Jazz

California Tour

We are truly getting down to a time where we have to make decisions about our trip. We were informed it was tabled at the board because there were questions regarding the impact of the tour on religious holidays. We have traveled in the past and have even performed on Easter Sunday and Passover, the most memorable being on “The Disney Easter Day Special” on ABC Television. In the past we have always made accommodations for celebrating Passover, Palm Sunday, Easter Sunday, Good Friday, and any other religious holidays who affect our students. Many families that travel with us have celebrated the holidays with the group or away from our students. Accommodations have been made in all scenarios. This year is no exception. One of our parents from Glenbrook North has a family member who is a Rabbi and will help us with the Passover celebration, a Seder and food appropriate for the ceremony. Other houses of worship are within a short distance of our hotel. Our travel agent is aware of our needs and will gladly accommodate us.

We will need to leave on Friday, March 22nd because:

- That is when the airlines can provide us with a charter flight and its return.
- The sessions and performances are only available on certain days, right at the beginning of that spring-break week.
- The cost of the airfare is best when we leave on that Friday.
- Coming back to Chicago on that Wednesday is purely a monetary consideration.
- We are hoping to get this trip approved as quickly as possible to lock in our airfare, charter, and firm up the details for the trip.

Thanks for your consideration.

Sincerely,

Mr. Marty Sirvatka

Re: Glenbrook Orchestra & GBS Jazz Band Tour

Date: September 19, 2012

Attached is a travel request from Ms. Kristin Wagner regarding this year's Glenbrook Symphony Orchestra trip to California, which will include the GBS Jazz Band. Many of these musicians play for both groups and the combination trip is desired. This trip will occur from March 22, 2013 to March 27, 2013 over spring break. Students will miss the Friday before spring break in order to secure a charter flight that will also transport all of the orchestra's luggage.

As defined by Board Policy 7050 (attached), this is an educational tour, which is conducted by the district, but not financed by the district.

We support this valuable experience. Please let us know if you need anything further.

BOARD POLICY: EDUCATIONAL TRAVEL EXPERIENCES

7050

Page 1 of 2 pages

Section A - Introduction

The Board of Education of District #225 believes that educational travel experiences can provide significant educational experiences for Glenbrook students. However, it is the policy of the Board of Education that such travel experiences should not be scheduled to conflict with normal student attendance days. Under extraordinary circumstances, the Board may approve exceptions to this policy.

Section B - Educational Tours: Travel Conducted, but Not Financed, by the District

1. The Board of Education is authorized by Illinois statute to conduct educational tours as a supplement to particular courses of instruction, within or without the district, the State of Illinois, or the United States.
2. Recommendation of the principal and approval of the superintendent shall be required for all educational tours. Recommendation of the principal and the superintendent and approval of the Board of Education shall be required for educational tours conducted outside the State of Illinois or adjacent states, and for educational tours that require students to be absent from school for one day or more.
3. No student or employee may participate in an educational tour unless he has accident and health insurance coverage protecting against bodily injury or death and, if he is an employee, disability while participating in the tour. Cost of said insurance shall be assumed by the organization financing the tour. Validation of satisfactory insurance coverage shall be made in writing to the assistant superintendent of business affairs.
4. The Board of Education is not authorized to use school funds for any expenditures incurred on such a tour for meals, lodging, or transportation costs. However, the Board may authorize the payment of salaries of necessary personnel while on tour if the personnel are performing in the ordinary course of their employment.
5. All school rules and regulations regarding student conduct shall apply for students participating in educational tours.

Section C - Educational Travel : Travel Not Sponsored, Supported, or Conducted by the District

1. The Board of Education authorizes the superintendent to approve requests submitted by a school employee or a private agency and which have been recommended for approval by the principal, to use school facilities to inform students of educational travel programs within any of the fifty United States or any foreign country which, in the discretion of the principal and the superintendent, have educational significance for the district's students. Such use may be granted only with the clear understanding that the program is not sponsored or supported by the Board of Education and that the Board of Education assumes no legal responsibility or financial liability related to the program. Further, all materials used by the sponsoring agency in publicizing the program must contain a statement to this effect which has been approved by the superintendent. These same materials must also carry the identification of the sponsoring agency.

2. No student or employee may participate in educational travel unless he has accident and health insurance coverage protecting against bodily injury or death and, if an employee, disability while participating in the educational travel. Cost of said insurance shall be assumed by the employee or private agency financing the educational travel. Validation of satisfactory insurance coverage shall be made in writing to the assistant superintendent of business affairs.

Section D - Use of Equipment, Materials, or Supplies to Promote Educational Travel

Glenbrook equipment, materials or supplies, including stationery, shall be used for school-sponsored activities only, and shall not be used for any educational travel which is not school sponsored.

Section E - Student Trips Exclusion

Student trips are not included within the provisions of this policy.
