RE: Intergovernmental Agreement for Northfield TWP Technology Consortium

Recommendation

It is recommended that the Board of Education approve the Intergovernmental agreement between Glenbrook 225, D27, D28, D30 and Village of Northbrook regarding sharing of Internet services and related technology resources.

Background

District 225 was able to secure wholesale pricing for Internet access bandwidth at a fraction of costs that other entities are paying. District 225 currently has a cost of \$0.86 per MB/sec, whereas our elementary districts pay approximately \$15.00 per MB/sec to their current providers.

Sharing this low cost/high capacity Internet access with our local municipalities and elementary school districts provides significant cost savings to all consortium participants due to the decreasing cost of bandwidth (measured in dollars per MB/sec) when aggregating the participants' Internet bandwidth needs.

The Village of Northbrook municipal fiber network allows the consortium members to connect to the District 225 network, which will provide Internet Access. The consortium members will not have access to the internal District 225 networks.

This agreement commits the consortium participants for the duration of the Internet service contracts to share in the costs of said contracts on a prorated basis. District 225 will be the lead organization and administer the contracts with service providers (typically 3 to 5 year terms).

The consortium will file annually for reimbursements under the USAC E-Rate program. District 225 will file the required E-rate forms for the consortium and work with each consortium member organization to comply with the E-rate filing processes and procedures.

**INTERGOVERNMENTAL AGREEMENT ESTABLISHING THE CREATION OF
THE NORTHFIELD TWP TECHNOLOGY CONSORTIUM**

This Agreement is made and entered into by and between the BOARD OF EDUCATION OF NORTHFIELD TOWNSHIP HIGH SCHOOL DISTRICT 225, an Illinois public school district ("School District 225"), the BOARD OF EDUCATION OF NORTHBROOK SCHOOL DISTRICT 27, an Illinois public school district ("School District 27"), the BOARD OF EDUCATION OF NORTHBROOK SCHOOL DISTRICT 28, an Illinois public school district ("School District 28"), the BOARD OF EDUCATION OF NORTHBROOK/GLENVIEW SCHOOL DISTRICT 30, an Illinois public school district ("School District 30") and the VILLAGE OF NORTHBROOK, an Illinois municipal corporation ("Northbrook") (hereinafter collectively referred to as the "Parties").

WHEREAS, Article 7, Section 10 of the Illinois Constitution of 1970 and the *Illinois Intergovernmental Cooperation Act* (5 ILCS 220/1 et. seq.) enables the parties hereto to enter into agreements among themselves and provides authority for intergovernmental cooperation; and

WHEREAS, the Parties desire to establish a consortium for purposes of obtaining internet access/services; and

WHEREAS, the Parties have determined that creating a consortium will provide significant cost savings with respect to the purchase of internet services; and

WHEREAS, the consortium is being formed pursuant to and in accordance with the E-Rate program of the Universal Service Fund, administered by the Universal Service Administrative Company (USAC) authorized by the *Federal Telecommunications Act* of 1996; and

WHEREAS, the Federal Communications Commission has determined that telecommunications services, internet access and internal connections are eligible for discounted rates pursuant to the E-Rate program; and

WHEREAS, the Parties desire to designate the Board of Education of Northfield Township High School District 225 as the "Lead Agency" of the consortium.

NOW, THEREFORE, for and in consideration of the mutual covenants, conditions and agreements contained herein and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged by the Parties hereto, the Parties hereby agree as follows:

Section 1. Recitals

That the foregoing recitals are incorporated into and made part of this agreement by reference as if fully set forth herein.

Section 2. Creation

- A. That the Parties hereby create the "Northfield TWP Technology Consortium."
- B. That the Board of Education of Northfield Township High School District 225 is hereby named the "Lead Agency" pursuant to E-Rate regulations.
- C. Each party to this Agreement shall be a Member of the Consortium.

Section 3. Effective Date

The effective date of this Agreement shall be _____.

Section 4. Term

The term of this Agreement shall be three (3) years, beginning on _____ and concluding on _____.

Section 5. Cooperation

The Parties shall work cooperatively to obtain E-Rate funding and establish necessary internet access for all parties to this Agreement. The Parties hereby agree to execute any and all documents necessary to effectuate the terms and intent of this Agreement.

Section 6. Authority

Each party to this Agreement shall designate one (1) individual to act on its behalf for purposes of implementing the terms of this Agreement.

Section 7. Internet Service

The Consortium Lead Agency will identify and select one or more internet service providers that best meets the needs of the Consortium members, taking into consideration cost, quality, serviceability, and any and all other factors deemed appropriate by the Consortium and its members.

Section 8. Contracting/Development

- A. School District 225 as the Lead Agency shall perform all services necessary for E-Rate funding, including but not limited to the annual filing of all necessary paperwork and any and all other actions otherwise required by USAC and the terms of this Agreement.
- B. School District 225 as the Lead Agency shall solely contract with the internet service provider(s) on behalf of the Consortium. The Parties to this Agreement will reimburse School District 225 monthly based upon each

parties pro-rata use of available bandwidth, as set forth in Exhibit A attached hereto and incorporated herein by reference.

The Parties acknowledge that School District 225 will be solely contracting with one or more internet service providers based upon the current bandwidth needs as established by the Consortiums Form 470. The reimbursement obligations of the Parties set forth herein are therefore absolute and unconditional for the term of this Agreement.

Section 9. Withdrawal from Consortium

Any party may withdraw from the Consortium at any time with notice to all other parties, however, such withdrawal shall not relieve the Party from its obligations to reimburse School District 225 for that Party's proportionate share as set forth in Exhibit A for the entire term of this Agreement.

Section 10. Additional Members

Additional qualified local governmental entities may be added to the Consortium if approved by all of the then existing members of the Consortium. The Parties acknowledge that USAC filing dates may vary from year to year and the timing of the admission of additional members seeking E-Rate funding shall be dependent upon the USAC's calendar with respect to filing periods.

Section 11. Notices

All notices required or permitted under this Agreement shall be given by a regular United States mail to each party at the following addresses:

Section 12. Miscellaneous

A. Entire Agreement

This Agreement represents the entire agreement between the Parties and supersedes any prior understanding or representation of any kind proceeding the date of this Agreement.

B. Authority

Each party hereby represents and warrants to all other parties that the person executing this Agreement on its behalf has been properly authorized to do so and that all necessary corporate formalities had been adhered to.

C. Severability

If any provision of this Agreement is determined to be invalid or unenforceable, the remaining provisions of this Agreement shall not be affected and shall remain in full force and effect.

D. Governing Law

This Agreement shall be governed exclusively in accordance with the laws of the State of Illinois.

E. Amendments/Modifications

This Agreement may only be amended or modified by written agreement of the Parties.

F. Limitation of Liability

The Members of the Consortium acknowledge that School District 225 as the Lead Agency is not providing internet services, it is simply contracting with one or more internet service providers on behalf of the Consortium. The Members of the Consortium therefore covenant and agree that School District 225 shall not be liable to any Member of the Consortium for an interruption of services.

In Witness Whereof, the Parties have executed this Agreement on the dates set forth below.

Northfield TWP Technology Consortium

3801 W Lake Ave, Glenview IL 60026

EXHIBIT A

A.) DURATION OF MEMBERSHIP

Each member commits to a three year Consortium membership.

The three-year term is based on the service contracts with the Internet Service Providers (ISP) the Consortium commits to on behalf of its members.

The Consortium reviews membership applications and bandwidth requests annually as part of the USAC/E-rate filing process. At that time each member organization may choose to upgrade its bandwidth requirements.

Reductions in bandwidth for individual members may only occur with agreement of all consortium members as a result of bandwidth reallocation or contract terminations.

B.) BANDWIDTH COMMITMENTS FOR FUNDING YEAR 2014-15

The Northfield TWP Technology Consortium has been formed to leverage volume-purchasing discounts for Internet Bandwidth. The lead organization established Internet Access Services with the following providers:

ISP	Type of service	Monthly Bandwidth	Monthly cost	Dollar per MB/sec
Comcast	Bandwidth and Transport	1,000 MB/sec	\$ 3,300	
Hurricane Electric	Bandwidth	10,000 MB/sec	\$ 4,150	
Sunesys	Transport	n/a	\$ 2,000	
TOTAL		11,000 MB/sec	\$ 9,450	\$ 0.86

Recurring Monthly Cost (MRC) for Internet bandwidth is calculated as total ISP monthly recurring charges (\$) divided by total amount of bandwidth provided to the consortium (MB/sec).

Each consortium member establishes his or her monthly Internet bandwidth needs (measured in MB/sec of Internet bandwidth) for the upcoming funding year (July 1st 2014 – June 30th 2015). The monthly bandwidth amount cannot be reduced during the funding year, as it would increase the cost to other members.

The monthly recurring cost is charged to the consortium member for the requested and allocated maximum monthly bandwidth regardless of actual usage reaching the requested bandwidth limit or not.

EXHIBIT A

Consortium Member	Monthly bandwidth	MB/sec cost	Monthly Recurring charges:
District 28	500 MB/sec	\$0.859	\$ 430
District 30	500 MB/sec	\$0.859	\$ 430
District 225	10,000 MB/sec	\$0.859	\$ 8,590
Total			\$ 9,450

Non-recurring charges are covering the costs of establishing the physical network connections between a consortium member and the lead organization. Non-recurring costs vary based on location and existing network facilities and type and quantity of connections requested. The non-recurring costs are agreed upon by the joining consortium member and the lead organization and are not listed here.
