Re: New Course Proposals
Date: January 22, 2014

At the January 13, 2014 board meeting the new course proposals from Glenbrook North and Glenbrook South were brought forward.

The courses have been thoroughly discussed in each building by relevant departmental committees, by instructional supervisor curriculum councils, and by building principals. Our ATM has also reviewed these proposals. The Board will note that they seek to meet the academic needs and interests of students in keeping with a comprehensive high school program. Both schools offer a rigorous array of courses which support students' college and career readiness.

I recommend that the Board take action on this item at the Monday, January 27, 2014 Board meeting.
