RE: FOIA Requests

FOIA Response:

Please find the FOIA requests and responses [here](#).

Background:

The Freedom of Information Act (FOIA - 5 ILCS 140/1 et seq.) is a state statute that provides the public the right to access government documents and records. A person can ask a public body for a copy of its records on a specific subject and the public body must provide those records, unless there is an exemption in the statute that protects those records from disclosure (for example: records containing information concerning student records or personal privacy).

A public body must respond to a FOIA request within 5 business days after the public body receives the request or 21 business days if the request is for commercial purpose. That time period may be extended for an additional 5 business days from the date of the original due date if:

- The requested information is stored at a different location;
- The request requires the collection of a substantial number of documents;
- The request requires an extensive search;
- The requested records have not been located and require additional effort to find;
- The requested records need to be reviewed by staff who can determine whether they are exempt from FOIA;
- The requested records cannot be produced without unduly burdening the public body or interfering with its operations; or
- The request requires the public body to consult with another public body who has substantial interest in the subject matter of the request.

If additional time is needed, the public body must notify the requester in writing within 5 business days after the receipt of the request of the statutory reasons for the extension and when the requested information will be produced.

Dear Mr. Evans,

Thank you for writing to Glenbrook High School District 225 with your request for information pursuant to the Illinois Freedom of Information Act, 5 ILCS 140/1 et seq. (Act).

On 4/6/21 we received your request for the following information:

- Directory information, this includes all students enrolled for the Fall 2020 term at your school system: Name, address, grade, phone number, E-mail

District Response: See responsive document attached. Please note, this data only includes information on students whose families have agreed to publish their directory information and the district does not list phone numbers or emails as directory information per our [Procedures for Policy 8280](#).

Sincerely,

Rosanne Williamson, Ed.D.
Secretary, Board of Education
Assistant Superintendent for Educational Services

**MINUTES OF REGULAR MEETING,
BOARD OF EDUCATION, SCHOOL
DISTRICT #225, COOK COUNTY,
ILLINOIS, APRIL 12, 2021**

A regular meeting of the Board of Education, School District No. 225 was held on Monday, April 12, 2021, at approximately 7:00 p.m. at Glenbrook District Office Public Meeting Room 100A, pursuant to due notice of all members and the public.

The president called the meeting to order. Upon calling of the roll, the following members answered present:

Doughty, Glowacki, Hanley, Kim, Shein, Sztainberg, Taub

Also present: Fagel, Geallis, Gravel, Johns, Markey, Muir, Pearson, Ptak, Solis, Swanson, Williamson, Wright

Approval of Agenda for this Meeting

Motion by Mr. Glowacki, seconded by Mrs. Hanley to approve the agenda for this meeting.

Upon calling of the roll:

aye: Doughty, Glowacki, Hanley, Kim, Shein, Sztainberg, Taub

nay: none

Motion carried 7-0.

Recognition of Community Visitors

Community members:

- Thanked the administration for their support in solidarity with our Asian American students in light of the recent anti-Asian events that have been happening across our country
- Acknowledged Illinois State Representative Jennifer Gong-Gershowitz who recently sponsored Il house bill 376 described as a larger effort to increase equity in education
- Stated our district should make it a point to continue officially recognizing our students who achieve milestones in competitions at the state, national and international level
- Commented that we need to provide more resources to our math department
- Requested to expand saliva testing to twice a week to help alleviate the need for a sizeable number of quarantined athletes; increase the frequency

of testing and add it to the summer school protocol, so we can provide the most meaningful high school experiences for our students

Board and Superintendent Reports

The Board and Dr. Johns recognized and thanked Mrs. Hanley and Dr. Kim for their service on the Board.

Dr. Johns:

- Anticipates the district will be opening to our normal environment for the 2021-2022 school year, depending on state and local health official guidance
- Commented that today's announcement of vaccination availability to people 16 years and older, should help us move down the path towards normalcy that we all seek, more information is coming shortly on what next year will look like
- Addressed concerns in the community of rising cases; noted that our testing does not show that we have an increase in our schools which is encouraging
- Commented that we are heading in the right direction as long as we continue all the mitigation measures
- Noted that there are cases in the schools which do cause quarantines; who gets quarantined is based on direction from the CCDPH
- Stated the Regular Board meeting on Monday, April 26, 2021, is canceled; there is a newly scheduled Special Board Meeting on Wednesday, April 28, 2021, based on the election canvassing

The administration shared highlights of events and meetings at the schools and in the community.

aye: Doughty, Glowacki, Hanley, Kim, Shein, Sztainberg, Taub

nay: none

Motion carried 7-0.

Discussion/Action: Curriculum Reports

The administration:

- Presented the Curriculum Reports
- Noted this report is driven by board policy 7010 which requires a review of approximately 20% of the courses offered within a department each year
- Provided highlights of the reports and the process

In response to the board members' questions, the administration:

- Noted that we have learned a lot during the pandemic and we will be evaluating this information to determine what instructional approaches and technology applications we may continue to use
 - Explained that courses and curriculum is continually being reviewed, and improved upon; this report only shows approximately 20% of the curriculum that is scheduled for the curriculum report to the Board
 - Explained that the purpose of this report is to examine the curriculum, not the technology tools that are being used
 - Outlined dual credit courses that are available and explained that to teach a dual credit course our teachers must meet the Illinois Community College Board standards of a master's degree in the subject area; a master's degree in secondary education does not apply
 - Noted that we are always looking at supplemental programs to enhance our curriculum and are familiar with the AOPS (Art of Problem Solving) program; math I.S.'s provided more context about this supplemental application
 - Provided clarification regarding Modern European History and the reasons why certain history classes are designed as an AP class and why others are not
 - Spoke about the work that has been done to provide access to all students to enroll in higher-level courses which will allow a student to challenge themselves and offer students the supports that they need to succeed (accelerate vs. remediation)
 - Provided information on how students can move to a higher level course
 - Explained the reasoning and benefits of having instructional assistants in classrooms and noted that GBS uses much of its Title I resources to cover these costs
 - Thanked the Board for recognizing the strain on teachers to teach in a remote and in-person environment
 - Currently, guidance for next year is that students would need a medical reason to continue remote learning

- Discussed the possibility of increasing the number of dual credit courses if Oakton can send a professor to the high school to co-teach

Discussion/Action: Preliminary Review of Textbooks

The administration:

- Reviewed the textbook process and timeline
- Explained that with the change to a flat fee, the cost of the textbooks is no longer part of this report
- Shared the recommended textbook changes for next year

In response to board members' questions, the administration:

- Stated that they will be tracking the costs of textbooks and will continue to monitor and verify that our flat fee is appropriate
- Explained the resources that are used in classes that do not purchase textbooks still meet state standards related to content and skills
- Noted that going forward an ISBN will be included in the report
- Commented that this item will be placed on the consent agenda for approval on April 28

Discussion/Action: Glenbrook South Signage and Wayfinding Bids

The administration:

- Recommended approval of a bid for interior signage, wayfinding, and exterior signage at GBS
- Stated this is part of the District's ongoing safety and security initiatives
- The goal is to have a similar process at GBN next year

In response to board members' questions, the administration:

- Noted the estimated completion of the project would be the end of the summer
- Will educate first responders, security, administration, and students of the new wayfinding
- Stated the projected budget for a similar project at GBN is \$150,000-\$200,000 and explained the difference in estimated costs
- Outlined what this bid includes and noted additional work and costs that might still be needed such as building automation and mass notifications that we are still working on; some additional work can be done in-house
- Provided clarification on specifics of signage and noted that additional outdoor signage would be part of Phase II of the project
- Commented that this item will be placed on the consent agenda for approval on April 28

Discussion/Action: FY22 Special Education FTE Recommendation

The administration:

- Recommended a total 2021-22 Special Education Certified Staffing of 79.3 FTE; a reduction of 1.0 FTE

- Stated the decrease is due to three factors: proportional decline in general education enrollment, student exits from the district, or student staffing out of special education
- Noted that we have a few articulation meetings that still need to occur and several pending initial evaluations which may have an impact on student count and course recommendations affecting sectioning
- This item will come back on the consent agenda item at the next board meeting
- If there is a need for additional FTE, that request will come to the Board in the future

Discussion/Action: NSSD COVID Related Finances

The administration:

- Stated that NSSD has had an increase in costs due to COVID related expenses
- Explained that through several rounds of negotiating, a proposal was presented that the members and subscribers of the organization will need to pick up the costs directly related to the pandemic, and the loss of user fees would be made up through the use of the fund balance
- Noted the projected D225 surcharge would be approximately \$57,000; all members and subscribers will make payments based on their level of usage
- Shared that we have ESSER funds coming to us due to COVID expenses but consortiums are not given these funds, but we are suggesting we use these funds to pay for this surcharge
- Noted that NSSD is also continuing to look for additional grant funding which then would reduce the surcharge to the districts

In response to board members' questions, the administration:

- Provided additional information on the reasons for the shortfall

The administration stated that on April 14, Mrs. Hanley will need to vote on this proposal and asked for the Board to provide her with their sentiment; the Board consensus was to approve the surcharge.

Discussion/Action: Technology Services Operating Budget for 2021-2022

The administration:

- Stated each year the Board of Education reviews the technology services budget related to the maintenance of our District's network and related hardware, enterprise database applications, desktop and mobile device inventory, software and device deployment technologies, and overall service and support for technology users throughout the school community
- Noted the proposed Technology Services budget for 2021-22 represents a 4.4% decrease
- Commented that the Technology Services team has worked to maintain existing services, further streamline operations, and enhance our students'

- and staffs' experiences
- Noted some of our software licensing is increasing by 3 - 9% year over year
- Stated that we are very close to a redesign of the website with searchable features
- Explained that we are pursuing additional grants that may provide additional revenue

In response to board members' questions, the administration:

- Stated we have plenty of bandwidth
- Noted that we have entertained a call from another municipality which would reduce the cost to D225 taxpayers if they join us
- Commented that over 300 students needed hot spots, which will be paid for through a grant
- Commented that this item will be placed on the consent agenda for approval on April 28

Review and Summary of Board Meeting

The board president summarized what happened at the meeting and noted future meeting dates.

Possible Topics for Future Board Meetings

Future Regular Meeting Dates:

Monday, April 26, 2021 - 7:00 p.m. - Regular Board Meeting - **CANCELED**

Re: Approval of Textbook Changes

Date: April 28, 2021

Recommendation

The attached list of recommended textbook changes for next year has been updated to include the ISBN as requested by the Board. The preliminary review of the textbook report was brought to the regular Board meeting on April 12, 2021, and we recommend approval at this board meeting.

Textbook Adoption Process and Timeline

Requests have been proposed by teachers and were reviewed by Instructional Supervisors and Associate Principals. While this compilation contains the majority of textbook changes, we may bring to the Board a limited number of texts in mid-summer as a result of summer curriculum projects.

Background

Textbook pricing is no longer included as part of new textbook proposals. On March 15, 2021, the Board of Education approved the implementation of a [Registration and Instructional Materials Fee for the 2021-2022 school year](#) in the amount of \$300, inclusive of all instructional materials required for the school year. This fee also covers the required textbooks.

[Board Policy 7180](#) Instructional Materials states: The Board of Education will approve and make available to students all required textbooks and other instructional materials which are requirements of any approved curricular offering or are required to be purchased by students in District #225.

A				It's been 15 years since our last adoption in Algebra 263. Since then, and with the availability of online resources and teacher generated materials, we are seeking to eliminate the textbook for this course and instead, proceed to a model which will allow us optimal flexibility to best adapt curriculum to student needs, while using the expertise of teachers, teacher-generated materials, and open source resources (Delta Math, Kahn Academy, etc) and IXL, to deliver a more robust, up-to-date curriculum. An added benefit is that this will provide a significant cost savings to students and the district.

Re: Glenbrook South Signage and Wayfinding Bids

Recommendation

It is recommended that the Board of Education approve a bid from APCO for interior signage and wayfinding at Glenbrook South for \$210,345 and from Poblocki for exterior signage at Glenbrook South for \$24,506, for a total amount of \$234,851.

Background

As part of the District's ongoing safety and security initiatives, building and district level leadership has been working with various stakeholders to review and improve the existing signage and wayfinding at Glenbrook South. Stakeholders included Glenview police and fire leaders and first responders, teachers, administrators, students, and community members.

The primary goals of this project were to:

- Create a building numbering system that creates a logical flow throughout the building;
- Develop a cohesive, aesthetically appropriate, and unified wayfinding system that will help individuals navigate effectively into and throughout Glenbrook South;
- Utilize signage that is timeless in its aesthetic, works with existing architectural elements, and can be easily, and inexpensively, updated and maintained;
- Bring signage into compliance with building code, ADA, and life safety requirements;
- Reduce the number of building fire zones and incorporate the fire zone colors into the signage to identify each zone; and
- Use universal symbols on signage to help improve the wayfinding experience.

The current building numbering and wayfinding system has been pieced together over the years and, as a result, many complexities exist:

- The current room numbering system has room numbers that are out of sequence;
- Room number assignments transition from 100s to 600s to 500s to 300s to 700s when moving through the building;
- Rooms in the 200 and 400 series are located on the second floor;
- Seven different fire zones have been established with assigned colors for use by first responders; these colors are not consistently identified in the current wayfinding system and signage;
- The main exterior entrances are referred to by the exterior door letters, which are not intuitive to visitors (e.g., Entrance S or OO); and
- Signage is currently not compliant with ADA requirements (e.g., braille typography).

To address these complexities, the district partnered with Cardosi Kiper Design Group (CKDG). CKDG is a Chicago-based company specializing in signage and wayfinding for many educational and health organizations, including Northwestern Hospital, University of Chicago Medical Center, University of Notre Dame, Oakton Community College, and Evanston Township High School. Throughout the past 14 months, CKDG worked with numerous stakeholders to assess all current signage, create a meaningful numbering system, identify logical areas for wayfinding, and review design concepts for signage.

As a result of the stakeholder group efforts and CKDG's support, the following next steps were developed:

1. Renumber the building using a four-digit numbering system.
 - a. Split the first floor into five zones: 1100s, 1200s, 1300s, 1400s, and 1500s.
 - b. The second floor falls above the 1100 and 1300 series and would be numbered in the 2100 and 2300 series allowing for vertical stacking.
 - c. See images 1.0 and 1.1.
2. Reduce from seven to five fire zones (red, blue, purple, green, grey). See images 1.0 and 1.1 below.
3. Design, purchase and install new signage for all rooms in the building.
 - a. All signage will follow a consistent design, including typeface, size, and braille typography.
 - b. Signage will incorporate fire zone colors to enable the classification system to become part of the school's overall operations.
 - c. Each room will have an interior room identifier sign directly above the door identifying the room number and fire zone color.
 - d. See images 2.0 and 2.1.
4. Implement meaningful wayfinding (directional) signage on the overheads above the fire doors in all main hallways.
 - a. This will reduce the need for multiple signs at congested decision points and naturally decrease clutter by presenting a consistent design and organized information.
 - b. See images 3.0 and 3.1.
5. Incorporate directional signage with "you are here" maps in critical locations.
 - a. See image 4.0.
6. Use the color of the corresponding fire zone on all exterior door signage (e.g., doors A - VV).
 - a. See image 5.0.
7. Identify the three main entrances and parking lots as the North Entrance/North Parking Lot, West Entrance/West Parking Lot, and Main Entrance/South Parking Lot.
 - a. See image 5.0.

With the assistance of CKDG, detailed bid specifications were developed and sent to eight vendors. Dr. Ptak and Mr. Wright coordinated a pre-bid walk-through conducted on Tuesday, March 23, 2021. Bids were due on Thursday, April 1, 2021, and subsequently opened. Six bids were received and are summarized in Table 1.

Table 1
Bid Summary

	Interior Signage/Wayfinding	Exterior Signage
APCO	\$210,345	n/a
Poblocki	\$221,138	\$24,506
Cornelius	\$225,451.51	\$32,702.33
Alegra	\$229,909	\$30,691
Printwell	\$269,091	\$26,565
Boardwalk	\$337,522	\$41,506

At this time, the administration recommends that the Board of Education approve bids from APCO for interior signage and wayfinding at Glenbrook South for \$210,345 and Poblocki for exterior signage at Glenbrook South for \$24,506, for a total amount of \$234,851. The funding for these projects was previously budgeted as part of the 2020-21 fiscal year as part of the school district's safety and security program.

Sign installation will occur between June and August 2021, and all operating systems utilizing room numbers will require updating. These systems include:

- Buildings and Grounds
 - Building Automation System
 - Door Access Control System
 - Facility Management System (e.g., Room Reservations)
 - Mass Notification System (e.g., Fire Alarm)
- Technology Services
 - Closed-Circuit Camera System
 - Network Infrastructure
 - PowerSchool Scheduling System
 - Telephone System and E-911 Integration
- Safety and Security
 - Emergency Operations Plan

The Buildings and Grounds, Technology Services, and school leadership teams have worked together to develop a plan to update all the necessary fields across multiple systems as part of this process. This updating process will also allow us to perform essential data integrity checks and ensure that our systems reflect updated naming conventions for consistency. The majority of these updates will be performed by school district personnel, while some systems may require assistance from external vendors (e.g., mass notification system, building automation system). Expenses for any external services will be absorbed by the school operating budget.

Re: FY22 Special Education FTE Recommendation
Date: April 5, 2021

Recommendation:

We recommend that the Board of Education approve a total 2021-22 Special Education Certified Staffing of **79.3 FTE (-1.0)**.

Background:

To determine staffing we've reviewed the special education course registrations resulting from articulations and the total number of special education students anticipated for the 2021-2022 school year in order to determine staffing requirements and make a recommendation for special education programming next year. In addition, we've met with district office staff, building administrators, and Instructional Supervisors to verify the need in keeping with contract parameters.

Part 1: Special Education Certified Staff FTE

2020-21 District Certified Special Education Staff 80.3 FTE

2021-22 District Certified Special Education Teachers

- GBN 247 Special Education students (-14)
Certified Special Education Teachers - 0.6 FTE
- GBS 317 Special Education students (-8)
Certified Special Education Teachers -0.4 FTE

The decrease is due to three factors: proportional decline in general education enrollment, student exits from the district, or student staffing out of special education.

However, it should be noted that we currently have a few articulation meetings still to occur and a number of pending initial evaluations which may have an impact on student count and course recommendations affecting sectioning. This is higher than typical due to students struggling with mental health needs during the pandemic.

- | | |
|---|------------|
| • Number of GBN students currently under initial evaluation | 15 pending |
| • Number of GBS students currently under initial evaluation | 12 pending |
| • There are still pending initial evaluations of 8th grade students | 4 pending |

Part 2: Related Service FTE (e.g. Psyc, SW, SLP

As a reminder, last year, we changed to a workload model for speech and language pathologists. After reviewing multiple models (caseload, medical model, District 225 psychologist/social work model, and the ASHA model), we determined the most equitable model would be for our speech pathologists FTE to be calculated similarly to our other district related service staff (e.g. psychologists/social workers). I have reviewed related service FTE based on our current workload model given projected minutes on student IEPs. Overall there was no change in minutes from the 2020-2021 school year to the anticipated 2021-2022 school year.

Re: Technology Services Operating Budget for 2021-22

Recommendation

It is recommended that the Board of Education approve the Technology Services operating budget in the amount of \$2,191,681 for the 2021-22 fiscal year.

Background

Each year the Board of Education reviews the technology services budget, excluding full-time salary and benefit expenses for the upcoming fiscal year. This budget includes costs related to the maintenance of our District's network and related hardware, enterprise database applications, desktop and mobile device inventory, software and device deployment technologies, and overall service and support for technology users throughout the school community. An overview of the budget and additional information regarding the department's operating expenses are included in this memo's subsequent pages.

Operating Expenses Budget

In April 2020, the Board of Education approved a Technology Services Operating Budget in the amount of \$2,292,031. The Technology Services team has worked within current budget parameters to maintain existing services, further streamline operations, and enhance our students and staff's experiences. The proposed Technology Services budget for 2021-22 represents a 4.4% decrease. A summary of the changes by account classification is summarized in the table that follows.

Object	Account Description	Operating Expenses		
		2020-21	2021-22	% Change

E1 Reflects a change in accounting practices, combining consultant and professional/technical service expenses into a single account.

E2 Reflects annual service provider increases (average of 3%), the transfer of website maintenance and development expenses from the public relations program, a new telephone system maintenance agreement, and renewal of several multi-year agreements paid in full during the 2021-22 fiscal year.

E3 See comment E1. Budgeted amount also reflects an increase in professional/technical service expenses due to a planned enhancements to the student check-in, camp registration, digital ID, and inventory management systems.

E4 Reflects lease payments due during the fiscal year.

E5 Reflects an increase due to annual increase from service providers, wireless mobile hotspot expense for students with limited internet access (reimbursed through grant), and telephone system upgrades.

E5 Budgetary placeholder for the 2021-22 workstation replacement cycle for students (see Speciality Lab Refresh Process notes).

Specialty Lab Refresh Process for Students

Over the past several years the number of specialty labs (e.g., computer labs and laptop carts) have been reduced. This reduction is a direct result of all students having access to a Chromebook, and the efforts of our teachers and instructional supervisors to transition to modern, web-based or virtualized applications.

When a transition to a solution that is accessible from a Chromebook does not fulfill the curricular requirements of a course, students are provided access to either a computer lab or laptop cart with the necessary software. While the process for determining software and hardware upgrades has evolved over time, the experiences of our students during the pandemic brought to the forefront the importance of ensuring that our students have access to software used in their classes both in the classroom, and at home. Recognizing that several specialty labs will require upgraded hardware and software in the next 1-3 years, the instructional innovation team worked with our school leadership teams to develop a new specialty lab refresh process.

The goal of redesigning this process was to ensure that all future workstation replacement proposals serve the district's ultimate goal of offering students a meaningful learning experience. Aligned with the values of access, equity, and fiscal responsibility, the process brings together instructional leaders from both schools to develop and evaluate future plans for all specialty labs. The process is broken into the following three phases:

1. Phase I: Annual Update to Instructional Supervisors
2. Phase II: Decision-Making Process
 - a. Current Reality and Desired State Development
 - b. Shared Understanding
 - c. Decision, Support Parameters, and Timeline for Implementation
3. Phase III: Evaluation of Decision-Making Process
 - a. Feedback Collection
 - b. Shared Understanding
 - c. Evolving the Environment

Dr. Williamson and Mr. Bretag are currently working with Instructional Supervisors at both schools to implement the specialty lab refresh process for several spaces that are under consideration for refresh during the 2021-22 fiscal year. As this process is ongoing, a budgetary placeholder has been added to the budget for potential capital equipment purchases. We will provide the Board of Education an update regarding purchase recommendations.

 Subject: Certified Staff Special Leaves Requests

Below you will find Special Leave Requests for the 2021-22 school year. The respective building principals have approved these requests. Please note that a Special Leave Request is only granted to tenured certified staff members.

As an example, note that a teacher who has requested a 0.4 FTE part-time leave will teach 0.6 FTE for the 2021-22 school year. Teachers on part-time leave receive prorated salary and benefits.

I recommend the Board approve these requests for the 2021-22 school year.

Re: Request of Approval for Professional Leave Expenses - 2021 Learning from the Past; Looking to the Future

Recommendation

It is recommended that the Board of Education approve the request for estimated professional leave expenses in the amount of \$1500 and 11 staff members as presented.

Background

In keeping with Board Policy 6040, the Board of Education has established a maximum allowable amount for prepaid expenses and reimbursement for travel, meal and lodging expenses to an amount not to exceed \$5,000 aggregate per professional leave trip; or where more than six members are attending. In the event that a trip's expenses exceed the per trip aggregate cost, the Board of Education is required to approve the expenses by a roll call vote at an open meeting.

The Business Services department has implemented a process where they are notified if there is a desired trip that exceeds the \$5,000 aggregate threshold. In response to the request, a formal memo is drafted and information is presented to the Board of Education for consideration prior to any expenses being incurred by the District.

Attached is a professional leave opportunity summary that is being submitted for consideration.

Request of Approval for Professional Leave Expenses

Name of Event	Dates and Location of Event
2021 Learning from the Past; Looking to the Future	May 4, 2021 - Virtual

Overview and Description of Event

Over the past year, we've been through quite a bit: A pandemic that impacted the way in which instruction was delivered, which further magnified the challenges marginalized students face in accessing support for their learning. Thus, as we reopen our schools in the fall, the need to examine approaches that effectively address disparities is more important than ever. Dr. Floyd Cobb and John Krownapple will help participants use an approach that centers belonging and dignity to prepare for starting next school year in a manner that lays the foundation for equity and inclusion.

Rationale for Attending Event

Glenbrook South High School's school wide goal is that every student at Glenbrook South will report feeling a sense of belonging as a valued member of the Titan community. This workshop specifically aligns with the school goal and informs participants on ways to implement practices that promote student belonging and dignity.

Outcomes

The team will expand their expertise by attending sessions, creating additional professional contacts, continuing to strengthen their skills, and striving to improve our school programs. The team will return to GBS and share information with other staff members in their respective departments and across the faculty. Additionally, the team will use the information to evaluate current curriculum and instructional practices and potential changes in practices to further improve the outcomes for our students.

Possible Alternatives Considered

While there are similar conferences/workshops that address the topic of equity, these two speakers approach this topic through the lens of belonging and dignity, which aligns with our school wide goal. Their expertise in this field is well-regarded nationally within the educational field.

ILLINOIS HIGH SCHOOL ASSOCIATION

The IHSA governs the equitable participation in interscholastic athletics and activities that enrich the educational experience.

April 2021

To the Principal/IHSA Official Representative Addressed:

It is time again for your school to renew its membership in the Illinois High School Association. For the 2021-2022 school term the IHSA Board of Directors has approved a membership assessment scaled to your classification enrollment. (By-law 1.441).

Your school may renew membership in the Illinois High School Association by confirming that your school continues to be Recognized by the Illinois State Board of Education and by certifying that your Board of Education/Governing Board has voted to adopt and abide by the Constitution, By-laws, Terms and Conditions, and Administrative Procedures, Guidelines, and Policies of the Association and agreeing to the 2021-2022 membership assessment.

Your 2021-22 membership renewal is due by June 15, 2021. Please do not delay. Obtain your Board of Education's action on the membership resolution and email it to general@ihsa.org or fax (309) 663-7479. Your 2021-22 membership assessment is due by September 1, 2021. An invoice will be available in your Schools Center for the principal or official representative.

Sincerely,

Craig Anderson
Executive Director

ILLINOIS HIGH SCHOOL ASSOCIATION

The IHSA governs the equitable participation in interscholastic athletics and activities that enrich the educational experience.

April 2021

To the Principal/IHSA Official Representative Addressed:

It is time again for your school to renew its membership in the Illinois High School Association. For the 2021-2022 school term the IHSA Board of Directors has approved a membership assessment scaled to your classification enrollment. (By-law 1.441).

Your school may renew membership in the Illinois High School Association by confirming that your school continues to be Recognized by the Illinois State Board of Education and by certifying that your Board of Education/Governing Board has voted to adopt and abide by the Constitution, By-laws, Terms and Conditions, and Administrative Procedures, Guidelines, and Policies of the Association and agreeing to the 2021-2022 membership assessment.

Your 2021-22 membership renewal is due by June 30, 2021. Please do not delay. Obtain your Board of Education's action on the membership resolution and email it to general@ihsa.org or fax (309) 663-7479. Your 2021-22 membership assessment is due by September 1, 2021. An invoice will be available in your Schools Center for the principal or official representative.

Sincerely,

Craig Anderson
Executive Director

Re: Committee Appointments and Member Representatives

Date: April 28, 2021

ED-RED is a lobbying group that represents our best interests and those of similar districts in the area. There are fall and spring meetings attended by a large number of school board members and superintendents. We traditionally are represented by one board member who has no real commitment but would represent us should a need arise. There is an opportunity for further involvement in ED-RED committees. The current representative is ~~Karen Hanley~~.

Facilities Committee normally meets two to four times per year. The committee reviews proposals and provides direction to the administration in shaping proposals for board consideration. Current representatives are **Pete Glowacki**, ~~Sonia Kim~~, and **Skip Shein**.

Finance Committee normally meets twice per year. The committee will help the administration in preparing the tentative budget and reviewing district financial issues and recommendations for consideration by the board. The current representatives are **Bruce Doughty**, ~~Karen Hanley~~, and **Joel Taub**.

Glenbrook High School Foundation This foundation requires the participation of one board member and the superintendent who serves as trustees. They actively participate in foundation activities and decision-making but are not allowed to hold office in the organization. The purpose is to serve as a liaison and solidify the connection between the Glenbrook High School Foundation and the District 225 school board. ~~Karen Hanley~~ is the current trustee who has served the board in that capacity.

Illinois Association of School Boards (IASB) Representative represents the district board at the state level. This position is held by Board President, **Bruce Doughty**.

Northbrook Community Relations Meetings are held on the first Thursday of each month. The board is currently represented by **Bruce Doughty**.

Northbrook Economic Development Commission (NEDC) In the past a District 225 board member served as a representative to the Northbrook Economic Development Commission and is a voting member of that body. Meetings are held once a month and are attended by members of the business staff. The best scenario is that the representative would be also a member of the finance committee. **Joel Taub** serves as the board's representative to NEDC.

NSSSED Meetings of the Northern Suburban Special Education District are held normally once a month and this board member would be a voting member of the Governing Board of NSSSED and represent our district in all matters regarding the operation of the special education consortium. The position is currently held by ~~Karen Hanley~~.

Oakton Community College – Alliance for Lifelong Learning ALL provides adult education for community residents in the surrounding area. A representative from the District 225 Board is one of the Governing Board members to aid in the decision-making of this body. The Board is currently represented by ~~Sonia Kim~~. The District 225 superintendent serves as an Executive Board member and will be in attendance at the meeting.

Spokesperson **Bruce Doughty**, as president of the Board, serves as the Board's spokesperson.

Technology Committee Similar to the Facility and Finance Committees, the Technology Committee meets approximately twice a year to review technology initiatives and helps the administration shape the vision and corresponding budget for technology in the district. The board is currently represented by **Pete Glowacki, Skip Shein and Marcelo Sztainberg**.

Re: Recognition of the 2021 GBN Senior Send Off Committee as an Auxiliary Adult Organization

Recommendation

It is recommended that the Board of Education approve the recognition of the 2021 GBN Senior Send Off Committee as an auxiliary adult organization through the remainder of the 2020-21 school year. It is further recommended that the administration be authorized to establish an account within the activity fund for the 2021 GBN Senior Send Off Committee.

Background

Board Policy 9010 authorizes the Board of Education to recognize adult groups (auxiliary adult organizations) to support school programs. Since 1976, the Board has recognized organizations at both schools dedicated to helping our students and school community through fundraising, programming, and volunteerism. While independent in definition, these organizations partner with administrators and teachers to support students and their experiences across academics, activities, athletics, and the arts.

Two examples of auxiliary adult organizations are the GBN Grad Night Committee and the GBS Grad Night Committee. These organizations devote countless hours each year to coordinating a safe, culminating event on the evening of graduation for our seniors. While the groups are ultimately responsible for raising funds necessary to support their event, recognition as an auxiliary adult organization provides for the following support:

- The organization may be permitted by the Board of Education to use the school name in the title of the organization and other activities;
- The organization may use school facilities and equipment as designated in Board Policy Community Use of School Facilities (5030);
- The District Public Information Office will cooperate with auxiliary organizations and will make the service of that office available to all reasonable requests;
- The organization may have access to mailing lists and school mailing procedures. The organization will be required, however, to pay for its own mailings;
- Liability coverage will be made available for fundraising projects and events in accordance w/Section B1(4) of this policy to the extent coverage is provided by the district's insurance coverage; and
- The organization may request to establish a student activity fund account in accordance with Board Policy Activity Fund (8250).

Recognizing the challenges associated with the coronavirus pandemic, the grad night committee at each school has needed to re-evaluate the structure of their annual event. And after a significant amount of

consideration, the GBN committee has decided not to host the traditional on-campus grad night event this school year.

In response to the decision not to host a grad night at GBN, a group of parents has come together to offer students an alternative culminating event to their senior year. The event has been named “GBN Senior Send Off” and would provide a safe, lock-in experience for all interested GBN seniors on the evening of graduation. The event would be held off-campus, similar to the event hosted by the GBS committee, distinguishing it from the traditional grad night at GBN. To support the coordination of this event as previously described, the Board of Education would need to recognize the group as an auxiliary adult organization.

The administration expects that the recognition of this group would dissolve after the 2020-21 fiscal year. While the traditional approval process requires the establishment of formal governing documents, it is recommended that the unique circumstances associated with the pandemic, and the limited scope of this group, warrant a waiver of this requirement. Dr. Johns, Mr. Markey, and I are committed to reviewing all applicable contracts and financial considerations before committing to ensure all district requirements are met. Any funds remaining after the conclusion of the event will be transferred to the GBN Student Activity Office account to support future school activities.

If there are any questions regarding this request, please do not hesitate to contact Dr. Johns, Mr. Markey, or me.

April 22, 2021

Dr. Charles Johns
Superintendent
Glenbrook District 225
3801 West Lake Avenue
Glenview, Illinois 60026

As you know, GBN's Grad Night Parent Committee has declined to move forward with the traditional lock in event for our GBN graduating seniors the evening of graduation. GBS's Grad Night Parent Committee is moving forward with its event. With the decline in virus numbers and the increase in vaccinated individuals (including many parents in our community and many of the graduating senior class), a few parents decided a few weeks ago to move forward and are planning a special event for the GBN seniors the night of graduation – approximately six weeks from today. We call it “the Senior Send Off.” We have enlisted over 200 additional parent volunteers.

The event will be at a local venue as a traditional lock-in event (10pm-5am) to ensure the safety of the graduates and hopefully prevent super spreader parties and drinking and driving the night of graduation. There will be security. The entertainment offerings will be sanitized and we've determined ways to keep the graduates safe the night of graduation.

These seniors have had a tough year. They have lost so many of the normal expected experiences in their senior year. They have lost a friend. We want them to end the year with good memories and to not focus on what they lost and did not get to experience.

Therefore, we are requesting that you recognize our group as **a temporary and immediate auxiliary** adult organization of the District **to be named “2021 GBN SENIOR SEND OFF COMMITTEE” for the current fiscal year.** Once we are recognized, we would request that you provide us with the same support the committee for the seniors at GBS are receiving for this very important event. We believe this would be including, but not limited to:

- Sending out all communications about the event to senior families
- Allowing the purchase of tickets via PowerSchool
- Allowing donations via PowerSchool
- Issuing checks to reimburse for invoices from the convenience/activity account for our organization as it relates to the event
- Providing us with the District's tax exempt letter
- Review contracts from paid vendors and insure the event

This year's event is going to look different. But the main goal is the same -- to provide an event, like the previous 30 years, to keep our graduates safe on graduation night. We want all the seniors to have a place where they can have a final memorable event which will culminate all the other positive experiences they have had at GBN.

We truly want to make this event work for this graduating class and appreciate your assistance in making it happen!

Yours truly,

Re: Student Fees for the 2021-22 School Year

Recommendation

It is recommended that the Board of Education approve student fees for the 2021-22 school year as presented.

Background

In accordance with Board Policy 4040, the Board of Education is presented each year with a list of recommended student fees for approval. Several of the fees **indicated with a yellow cell** were reviewed in detail by the Board of Education and/or the Finance Committee previously, and are summarized in the tables that follow.

General Fees

All students attending Glenbrook High Schools, or receiving educational services through the school district are assessed two general fees: Chromebook fee, registration and materials fee. As a reminder, beginning with the 2021-22 school year, all required instructional materials will be provided to all students, and parents will no longer purchase instructional materials such as textbooks.

	Historical				Proposed
	2017-18	2018-19	2019-20	2020-21	2021-22
Chromebook Fee	\$100.00 4 Years	\$100.00 3 Years*	\$100.00 3 Years*	\$100.00 3 Years*	\$100.00 3 Years*
Registration and Materials Fee					\$300.00
Registration Fee		\$25.50	\$25.50	\$25.50	
Materials Fee	\$15.00				
Towel Fee	\$10.50				
<i>Total per Student</i>	\$125.50	\$125.50	\$125.50	\$125.50	\$400.00

* Due to lower purchase costs for the Chromebook starting with the 2018-19 school year, the fee will only be assessed for (3) years as opposed to (4) years. This will apply to the Classes of 2022, 2023, 2024, and 2025.

User Fees

Additional fees are assessed to students and families that utilize optional services made available to students. These fees are deposited into District revenue accounts and used for the purpose designated. The user fees are calculated based on the total amount of estimated expenses.

	Historical				Proposed
	2017-18	2018-19	2019-20	2020-21	2021-22
Driver Education Behind the Wheel	\$350.00	\$350.00	\$350.00	\$350.00	\$350.00
Instrument Rental	\$20.00	\$20.00	\$20.00	\$20.00	\$20.00
Parking Fee	\$300.00	\$300.00	\$300.00	\$300.00	\$300.00
Transportation Fee (Regular) Individual Rate	\$750.00	\$775.00	\$800.00	\$900.00	\$930.00*
Transportation Fee (Regular) Sibling Rate	\$375.00	\$387.50	\$400.00	\$450.00	\$465.00*
Transportation Fee (Late - 20%) Individual Rate	\$900.00	\$930.00			
Transportation Fee (Late - 20%) Sibling Rate	\$450.00	\$465.00			

* Reflects a 3% adjustment in expenses, per the current negotiated agreement with First Student, Inc. Extends a subsidy of \$215.76 for each full-price transportation fee, in an effort to minimize the financial impact to households. See the attached summary for additional information.

Preschool Tuition

Fees are assessed twice a year for each child. Children enrolled in Glenbrook's program benefit from a 2-hour laboratory preschool experience supervised by a full-time instructional assistant, with the assistance and support of students enrolled in child development courses.

	Historical				Proposed
	2017-18	2018-19	2019-20	2020-21	2021-22
Preschool Tuition (5 Days / Week) Per Semester - GBN	\$800.00	\$800.00	\$800.00	\$900.00	\$900.00
Preschool Tuition (4 Days / Week) Per Semester - GBS	\$640.00	\$640.00	\$640.00	\$720.00	\$720.00

Financial Fees

The Board of Education has historically approved two financial fees to be charged on an as-needed basis.

Credit Card Convenience Fee

The credit card convenience fee is assessed to all credit card transactions that are processed in-person or online. Beginning with the 2017-18 school year, the Board of Education determined that any credit card processing expenses would be passed on to consumers choosing to use a credit card. As a result of not incurring credit card processing expenses, we have been able to keep student fees as low as possible for our families.

Non-Sufficient Funds (NSF) Check Fee

The non-sufficient funds (NSF) check fee is assessed to a student account in the event that a check provided has been returned back our bank due to insufficient funds. Only the amount that is charged by the bank will be passed on to a student.

	Historical				Proposed
	2017-18	2018-19	2019-20	2020-21	2021-22
Credit Card Convenience Fee Online Transactions	\$2.65 per \$100.00 Increment	\$2.65 per \$100.00 Increment	\$2.65 per \$100.00 Increment	\$2.65 per \$100.00 Increment	\$2.65 per \$100.00 Increment
Credit Card Surcharge Fee In-Person Transactions *	3.2% + \$0.20	3.2% + \$0.20	3.2% + \$0.20	3.2% + \$0.20	3.2% + \$0.20
NSF Check Fee	\$30.00	\$30.00	\$30.00	\$30.00	\$30.00

* Due to bank agreements with MasterCard and Visa, credit card processing expenses passed-on to consumers for in-person transactions must be calculated on a percentage basis, as opposed to a flat-fee.
