RE: PRELIMINARY REVIEW FOR TEXTBOOK CHANGES

DATE: April 8, 2015

Attached you will find the list of textbook changes recommended for next year for Glenbrook North and Glenbrook South.

Textbook Adoption Process and Timeline

Requests have been proposed by teachers and were reviewed by instructional supervisors and associate principals. All attached requests are recommended for approval. Copies of the textbooks will be available at the April 13 board meeting. Kris Frandson, associate principal at Glenbrook North, and Cameron Muir, associate principal at Glenbrook South, will be at the meeting to assist in addressing questions as will instructional supervisors.

While this compilation contains the majority of textbook changes, we may bring to the board a limited number of texts in mid-summer as a result of summer curriculum projects.

I recommend that the attached list be presented for the board's preliminary review at its meeting of April 13, 2015. **It is my intention to resubmit this item on the consent agenda for board approval at the regular board meeting of April 27, 2015.**

Digital Resources Update

With 1:1 Chromebook implementation, many digital textbooks and resources are proposed for adoption. Cost-savings associated with digital resources are substantial. There is no buy-back for digital versions of textbooks; however, the greatly reduced price far exceeds what parents would receive in buy-back of print textbooks.

Re: Textbook Adoptions for 2015-16

Attached you will find Glenbrook North's *Textbook Change Summary 2015-2016* document.

The GBN curriculum has continued to evolve through the curriculum review process, the availability of digital resources, changes in AP curricular programs, updating of resources and building goals to support literacy skills. In light of these initiatives, come requests for changes in a few textbooks in applied technology (1), business (1), math (1), driver education/health (2), science (6), and social studies (1). One text in social studies is needed due to the current text being unavailable.

Re: Textbook Adoptions for 2015-2016

Attached you will find one document that summarizes the request for textbook adoptions: *Textbook Change Summary 2015-2016*.

The curriculum at GBS continues to evolve through the Educational Planning Process, the AP Audit, articulation with sender districts, research in best practices, and the ever changing needs of our at-risk students. In 2011, GBS began a new school improvement cycle with the adoption of its revised organizational goals. The focus of the GBS faculty on curricular alignment, backward design, and instructional strategies has led course teams in their professional conversations related to best practices in those areas. Some of the choices for new texts are an outcome of the continued work of these course teams as they reflect on appropriate, relevant and engaging material for students.

Along with these curricular changes, come requests for changes in a number of textbooks in ELL (2), English (8), science (1), social studies (4), and world language (11). Some course teams have chosen to use instructional texts or materials that are available online in mathematics (9), science (2), and social studies (5). The remainder of textbooks proposed for adoption is due to publisher changes and availability of textbooks in English (1), and mathematics (1).

Textbook Change Summary 2015-2016**

Course Title	Drop	Years in Use	Add	Overall difference for cost of all materials/books in course*	Rationale
English					
ENG16300S English 163	X	3	X	+\$3.10	The English 163 course is being completely redesigned into a full year course instead of English 161 and Communications. This text will enhance student engagement with the essential questions, enduring understanding and skills goals of the new course.
ENG24300S English Team 263	X	3	X	+\$3.20	This text aligns well with the Enduring Understands and Essential Questions for this integrated course. We would like to use this book for its ability to connect disciplines – literature and history – as well as level of interest, readability and position.
ENG38300S English Lang AP 383			X	+\$20.95	The course has never included a text for analysis and argumentation and has needed one from the inception of the course about 5 years ago. The teachers would like a text to align skills and readings more closely with each other and the AP test.
ENG45300S English Studies 463	x	2	x	+\$11.95	The abstract nature of <i>Slaughterhouse 5</i> , and its scrambled narrative, make it a difficult text for this level of students. The structure of <i>The Things They Carried</i> is more accessible to students and maintains the key concepts of the course.
ENG48300S English Lit AP 483	x	20	x	-\$56.44	Time lost on the block schedule has impacted the time needed to teach <i>To the Lighthouse</i> . We wanted to teach something from a similar time period and with similar concerns that wasn't as long.
ENH46900S Eng 463 World Lit	X	16	X	+\$20.00	World Lit is in need of literature from a female perspective and from the Middle Eastern perspective in order for students to expose themselves to new perspectives. This is also a graphic novel which will help our conversation about genre.
ESL 13300S Intensive ESL 163	x	1		-\$33.15	The text is not appropriate for students' English language proficiency. The teacher will use teacher-made materials for writing instruction that are more appropriate for students' English language proficiency
ESL 46300S Transition Eng 463	x	10		-\$33.60	Teacher will teach vocabulary in context of course novels.
