Re: Students and Staff Who Excel

Date: November 8, 2011

At the meeting on November 14, 2011, we will recognize Glenbrook South High School for their successful Golden Telethon for Youth Services of Glenview/Northbrook during our Students and Staff Who Excel segment.

During the 24-hour telethon on November 4 and 5, approximately \$80,000 was raised to preserve services such as crisis interventions, violence prevention, counseling, outreach and mentoring programs.

Principal Brian Wegley, Assistant Principal for Student Services Jim Shellard, Broadcast Instructor Mark Ferguson, and a number of student leaders will be in attendance to speak on behalf of this effort and receive their special honor.
