Re: Student Rights & Responsibilities

Date: July 10, 2012

The Student Rights and Responsibilities Section of the Student Parent Handbook for the 2012-2013 school year is attached and contains no substantive changes. Therefore, we recommend approval by the Board.

STUDENT RIGHTS AND RESPONSIBILITIES

Adopted by Board of Education
Northfield Township High School
District 225 on May 17, 1971
Revised July 2012

The statement of Student Rights and Responsibilities represents the combined efforts of students, staff, parents and members of the Board of Education who worked together over a period of two years in its development. Much credit must be given to the students whose refreshing ideas and convincing arguments were a source of inspiration to all who participated. Even more important than the final document was the process by which it evolved, each group representing a particular point of view, sharing its ideas and working compatibly toward a common goal.

The Glenbrook statement of Student Rights and Responsibilities has been approved by all of the participating groups and will serve as a guideline for all members of the school family. It is not, however, intended to serve without change for all time. It is a basic document which must be altered and revised as the needs of the time and the changing relationships demand.

Please Note: All board policies are subject to revision. For the most current version of the board policies contained within this document, reference the Glenbrook High School District 225 board policies at: <http://www.glenbrook225.org/board/policies>.

FOREWORD

The Board of Education of Glenbrook High School District 225 believes that the primary function of its schools must be the preparation of all students for meaningful, rewarding participation in a democratic society. Each student has the right to an education which includes those educational experiences which will enable him to meet his present and future needs and to realize his full individual potential for participation. That right will be respected and protected for each student so long as it does not result in behavior which denies to others the self-same right. This is a basic concept of democracy which must be progressively nurtured in all our students during their high school years as a part of their normal physical, social and emotional maturation.

Throughout this period students will be developing their own personal value system, guided not only by the existing values of our society but also by ideas they think will bring about improvements in our society. To facilitate this development, it is imperative that our schools provide an environment where open discussion, free discourse, spirited debate and individual decision are encouraged. Within the bounds of community acceptance, free inquiry, free expression and free association are essential parts of this environment and must be protected as a matter of individual right. However, the Board of Education will not permit anyone, regardless of moral impetus, sincerity or conviction, to limit this right or to obstruct in any way the educational pursuits of any student.

Every school has the inherent right to require the cooperation of its staff and students in the performance of its educational function and to take appropriate action when the conduct of any of its staff and students impedes, obstructs or threatens the harmony of the institution or the realization of its educational objectives.

The relationship between schools and their students is a unique, educational relationship involving rights and responsibilities, considerations and procedures somewhat distinct from those of political, social or judicial institutions. While schools do not and should not exist in a vacuum detached from the realities of life, the very nature of their activities requires special expectations in terms of student rights, responsibilities and behavior standards. Both substantive standards and procedural processes related to these special expectations must be reasonable, realistic, equitable and just.

In order to provide an equitable and just basis upon which to work toward the accomplishment of educational goals free from the obstruction of disruptive or inhibitive influences, either from within or without the school, the Board of Education has adopted specific policies clarifying the individual rights and responsibilities between the schools and their staffs and students.

SECTION I

PROTECTED STUDENT RIGHTS

The Board of Education of Glenbrook High School District 225 guarantees all students who legally attend the Glenbrook Schools certain protected rights and freedoms, subject only to the general procedures and guidelines herein provided in Section II.

A. SCHOOL ATTENDANCE

Every student will be assured the protected right to attend scheduled classes, to participate in authorized school functions and to utilize school facilities for legitimate purposes.

B. PERSONAL APPEARANCE (Board Policy 8100)

It is the intention of the Board of Education to provide a learning environment which promotes self-respect, balances social responsibility with self-expression, and is free of distracting, disruptive, threatening, or offensive diversions from the educational process. **Clothing worn during the school day must provide reasonable coverage.**

Student's personal appearance must meet the following criteria:

1. It is not in violation of any statute.
2. It does not constitute a threat to the safety or health of self or others.
3. It does not reference alcohol, drugs, tobacco, or violence.
4. It is not offensive by the wording or design, or suggestive of a double meaning.
5. It is not gang related in any form or manner.

C. PARTICIPATION IN THE GOVERNANCE OF THE SCHOOL

The Board of Education and the school administration cannot abdicate their legal responsibility for the direction, control and operation of the schools. However, students, both as school citizens and as consumers of an educational product, do have the right to be involved in certain matters pertaining to their rights and responsibilities. This involvement may take the form of specific recommendations emanating from official school organizations, or it may be exercised by a single student or by a group of students who wish to express school-related concerns to the school administration. For purposes of discussing these concerns, any student or group of students may request a meeting with the building principal. The building principal will take corrective action if an investigation of the concern proves it legitimate and valid. The decision of the principal may be subsequently appealed to the superintendent. Appeals to the Board of Education may be made through the superintendent only in those cases where the appeal deals specifically with Board policy.

D. FREEDOM OF EXPRESSION, PETITION AND DISSEMINATION OF INFORMATION

Every student will be assured of the protected right to freedom of expression, petition and dissemination of information through the use of bulletin boards, through the distribution of written materials and the circulation of petitions and through the use of signs and symbols.

1. Use of Bulletin Boards:

At least one bulletin board shall be provided in each school for use of approved student groups and individual students. Other bulletin boards may be designated for official school announcements only.

- a. Materials placed by students on bulletin boards designated for official school announcements may be removed by the school.
- b. Bulletin boards designated for students may be used for school activities, out-of-school activities or matters of general interest to students.
- c. Prior approval by school officials is not required for the posting of notices or other communications on assigned bulletin boards. All such materials, however, must conform to the General Guidelines herein provided.
- d. Any posted material deemed to violate the General Guidelines herein provided may be removed immediately by the school administration. At the request of interested students or of the sponsoring student organization, the school official responsible for removing the materials will explain the nature of the violation.
- e. All student-posted notices or communications shall be subject to reasonable size limitations and shall be dated and may be removed by the school after seven days to assure full access to bulletin boards for all students.

2. Distribution of Written Material and Circulation of Petitions:

Subject to the procedures and General Guidelines herein provided, students may exercise their protected rights through (i) the distribution of handbills, leaflets and other written materials and (ii) the collection of signatures on petitions concerning either school or non-school matters or issues.

- a. The time for the conduct of any activities under this Section may be restricted by the school administration to certain designated times, such as periods before school begins, after dismissal or during lunch periods, to the extent that such restrictions are deemed necessary to prevent interference with the school program.
- b. The places for the conduct of such activities may be reasonably restricted by the school administration to permit the normal flow of traffic within the school or on school premises.
- c. The manner of conducting such activities may be reasonably restricted by the school administration to prevent undue levels of noise or to prevent the use of coercion or unreasonable interference with any person.
- d. Prior approval by school officials is not required for the distribution of printed materials and the circulation of petitions on school premises within the intent and purpose of this policy. All such materials, however, must conform with the General Guidelines herein provided.
- e. School officials shall not prohibit the distribution of printed material or circulation of petitions unless there is contained therein matter which violates one or more of the General Guidelines. When any such prohibitive decision is rendered, the school official shall specify the manner in which it is deemed that this policy would be violated by the distribution or circulation. Subject to the right of appeal herein provided, the student will abide by the initial decision until the decision is either suspended or an appeal is upheld.

3. Use of Signs and Symbols:

Subject to the General Guidelines herein provided, students may carry or wear placards, buttons, badges or armbands on school premises.

E. LOCKERS

The Board of Education has provided school lockers for the purpose of providing students with convenient receptacles for clothing, books and other articles necessary or convenient for their use during the school day. The ownership of the locker is maintained by the school district, and the student is granted a limited use of the locker solely in accordance with the following policy:

1. The only items that may be placed in the lockers are articles of clothing, school books or supplies relating to school use, lunches and personal items which the student is legally entitled to have in his or her possession.
2. The assignment of a locker to a student and the use thereof by the student is made subject to the right of the school administration to have access to the locker at any time for any of the following reasons:
 - a. for periodic cleaning of lockers;
 - b. when in the opinion of the school administration a clear danger to health or safety exists;
 - c. when the school administration has good reason to believe that a locker contains material that a student would not be legally entitled to have in his or her possession.
 - d. at the end of the school year, any items left in lockers will be discarded.

F. SCHOOL ORGANIZATIONS

No student will be denied the protected right to membership in any school-chartered student organization because of his religion, race, creed, color, economic status or sex and handicap. Critical examination and the balance presentation of differing views on controversial issues are encouraged. It is expected that student organizations will remain free from advocacy of religious, political or ideological partisanship.

G. GUEST SPEAKERS

It is the responsibility of the school to assist students in the critical examination of various issues and topics that are of contemporary importance. Such investigation and evaluation of controversial issues are deemed essential if the school is to achieve its purpose of educating students as thinking and discriminating individuals.

To this end, the school provides opportunities for such examination through the planned academic program, extracurricular clubs and activities, guest speakers and forums. In this process, it is incumbent upon the school and its staff to recommend and facilitate a balanced presentation of not only the positions of the extreme, but those of the moderate point of view as well. It is further expected that all such discussions and presentations will be conducted within the bounds of good judgment and proper decorum and with full consideration of their rights and sensibilities of others. Profanity or obscenity, libel, slander or disruption are not considered legitimate means of implementing the intent of this policy. This policy statement shall apply equally to those guest speakers invited by staff or students to address school groups. All invitations to outside speakers shall be reviewed by the school principal or his designated representative. The principal or his representative may refuse to permit the appearance of persons or organizations whose presence may be reasonably expected to result in violence or disruption or those who are known to engage in efforts to incite others to violence, disruption or other breach of law. In addition, all such presentations must conform to the General Guidelines herein provided.

 - a. A hearing officer, who shall not be employed in the attendance center where the child is enrolled, shall be appointed by the District.

If the parent(s)/guardian(s) appeals, the parent(s)/guardian(s) shall so inform the school and within 10 school days, the District shall forward a transcript of the hearing, a copy of the record entry in question and any other pertinent materials to the Regional Superintendent. The District may initiate an appeal by the same procedures. Upon receipt of such documents, the Regional Superintendent shall examine the documents and records to determine whether the District's proposed action in regard to the student's record is in compliance with the Illinois School Student Records Act, make findings and issue a written decision to the parent(s)/guardian(s) and the District within 20 school days of the receipt of the appeal documents. If the subject of the appeal involves the accuracy,

relevance, or propriety of any entry in special education records, the Regional Superintendent should seek advice from special education personnel:

- a. Who were not authors of the entry; and
 - b. Whose special education skills are relevant to the subject(s) of the entry in question.
7. District 225 shall implement the decision of the Regional Superintendent.
 8. If, as a result of the appeal process, it is determined that the information is inaccurate, misleading or otherwise in violation of the privacy or other rights of the student, District 225 shall amend the information and inform the parent(s)/guardian(s) in writing.
 9. If, as a result of the appeal process, it is determined that the information is not inaccurate, misleading or otherwise in violation of the privacy or other rights of the student, District 225 shall inform the parent(s)/guardian(s) of his/her right to place in the record a statement commenting on the information or setting forth any reasons for disagreeing with the decision of the District.

SECTION IV

RELATIONSHIP BETWEEN THE SCHOOL AND ITS STUDENTS AND STAFF

STUDENT BEHAVIOR, CONTROL, AND ACCOUNTING

The Board of Education subscribes to the theory that a democratic society can function successfully only when there is an intelligent citizenry, when individual freedoms are accepted as relative rights, and when there is a willingness to compromise issues in a non-violent manner. It further believes that our Glenbrook Schools, as educational institutions created by a democratic state, have an obligation to provide living experiences in these basic theories of democracy. Emphasis upon individual student responsibility for both learning and behavior is essential, but it is also essential that rules and regulations imperative in governing the relationship between the school and its members, be communicated in clear, concise policies. Therefore, the Board of Education approved the policies relative to Student Behavior, Control, and Accounting, hereinafter provided.

A. The school administration is authorized to suspend and/or recommend expulsion in cases of gross disobedience or misconduct that occurs on or off campus, including such conduct that occurs on school buses, at bus stops, and while students are traveling to or from school or school bus stops; at school sponsored events and activities connected with the school program; any event having a nexus with the school; and at any other time such action is necessary for the safety and supervision of students. Procedures for carrying out this action are described below:

1. Means for establishing communications among students, staff and administration will be clearly defined and operating. All students at all times are to use these established channels of communication in order to obtain answers to questions or to seek action which aims to improve the institution and all of its members. Such channels shall be subject to revision if it is the consensus of all members of the institution that they fail to achieve the goals for which they were established.
2. Rules and regulations designed to protect the rights of all students to a quality education within an environment conducive to learning will be established and enforced.

ADDENDA

GENERAL POLICIES REGARDING STUDENT BEHAVIOR

The following District 225 Board policies are included in whole or in part to reflect the needs of students and parents. Actual Board policies may be downloaded in PDF format from the district website at www.glenbrook225.org or may be obtained from the school upon request.

A. STUDENT BEHAVIOR, MISCONDUCT, RIGHTS AND RESPONSIBILITIES (Board Policy 8400)

Section A - Introduction

These policies have been developed by the Board to provide a safe and positive educational environment for all students and staff in order to foster academic success, social responsibility and healthy social development. The board recognizes the important role of parents in the management of student behavior. Therefore, these policies and procedures provide opportunities and notifications to involve parents in the discipline process.

Section B - Jurisdiction as to Students' Rights and Responsibilities and Code of Conduct

District discipline policies will apply:

1. In any physical area attendant to school or District-sponsored or related activities, whether or not such area is on school or District property (including but not limited to, school buildings and lands, District offices), or at any school-sponsored or related activities, performances, extracurricular and athletic events, school-sponsored travel at other venues; and
2. On means of school-supplied or sanctioned transportation to or from any of the above; and
3. With respect to activities or events at other locations, if the administration determines that the incident bears a nexus (i.e. impact or connection) to the school, safety at school, or is disruptive to the educational environment.

Section C - Additional Jurisdiction as to Code of Conduct

In addition to the above jurisdiction, the administration is authorized to establish a Code of Conduct that imposes progressive loss of privileges by reason of any conduct by a student in violation of these policies wherever the conduct or event occurs. Students who participate in extracurricular activities such as inter-scholastic athletic, drama, fine arts and other competitions or who participate in clubs and activities are representatives of our schools, and as such are expected to conform their behavior to these policies as a condition to continued enjoyment of these privileges.

Section D - Student Behavior

The Board expects all students to behave in a way that enhances academic growth and social maturity. This includes academic honesty, civility, respect for others, tolerance, inclusiveness, responsible citizenship, and fair play.

Section E - Misconduct

Behaviors that are wholly untenable, in that they cause harm or threaten to cause harm to the safety of others, or harm or offer the threat of harm to property or persons attending school or district-sponsored events, and/or interfere with or disrupt the educational process and educational environment, are subject to disciplinary action. Such unpermitted behavior includes, but is not limited to:

1. Theft and destruction of property, hazing, gambling, dishonesty, theft, harassment, bullying, and infliction or threats of harm to persons or property, failure to comply with reasonable directions, actions which provoke any substantial disruption of normal school operation, patterns of behavior that fail to conform to minimal school expectations; and
2. Gang related activity or behavior, which shall include, but shall not be limited to, the wearing or displaying of gang apparel or colors, the communication of gang signs or signals, engaging in actions or conduct indicating membership or participation in, or endorsement of, a gang, or engaging in any actions or conduct defined as gang-related activity or conduct in any applicable federal, state or local statute, ordinance, rule or regulation; and

2. The Board offers a wide variety of extracurricular and athletic opportunities for students and recognizes that participation in these activities is a privilege and not a part of the right to education. The Board directs the superintendent to establish a Code of Conduct for student participants in athletics and student activities for inclusion in the Student/Parent Handbook with progressive loss of these privileges for violations.
3. The Board directs the superintendent and staff to develop, publish, and implement procedures for disciplinary actions to achieve the aims of this policy, and for appropriate parental notification.
4. In cases when student misconduct and related consequences are not specifically addressed in Board policies or procedures, the administration is authorized to take such action as it deems appropriate, provided that all such action shall be consistent with the School Code and these policies.
5. The Student Rights and Responsibilities, Code of Conduct, and procedures, as described in the Student Handbook, will be reviewed and adopted by the Board annually.
6. The Board acknowledges the importance of parental cooperation in the implementation of these policies and has provided for procedures which, when supported by parents, can minimize the adverse educational impact from prescribed discipline.

The Board of Education authorizes the Superintendent to administer the following procedures for disciplinary action in cases of misconduct and gross disobedience by students.

Section B - Suspension

The school principal or designee is authorized by the Board of Education of District 225 to suspend students guilty of gross disobedience or misconduct for a period not to exceed ten school days, as gross disobedience or misconduct is described in these policies or in Section IV of the statement of Student Rights and Responsibilities included in the Student/Parent Handbook.

- c. Suspend the student when sufficient cause is found.
- d. The notice and informal hearing shall precede the student's removal from school. 2. Suspension Procedures and Documentation

In all cases of suspension and following the informal hearing, the principal or designee shall:

- a. Notify the student of the nature and the section of the district's policy allegedly violated by the student's actions and inform the student that the student is suspended for a specific period of time.

- b. The associate principal or designee shall notify the student and parent by telephone or in writing within two (2) school days after the informal review meeting as to whether there will be any change in the suspension as a result of the informal review.
- c. If the suspension is reversed or commuted upon the informal review, the student shall immediately be reinstated and the school administration shall notify the student's teachers that the student is entitled to make up all work missed during the period of suspension-related absence without penalty to the student.
- d. The school administration shall notify the parents orally or in writing if the school requires an informal discussion with the parents prior to the reinstatement of the suspended student.

4. Formal Suspension Review
 - a. If the parent wishes to appeal the suspension to the superintendent and Board of Education, the parent must file an appeal of the informal review within five (5) school days after the associate principal or designee provides the results of the informal review to the parent. The failure to file an appeal within such timeline shall be deemed a waiver of the right to appeal. In the event of an appeal, the principal or designee shall forward the parent's request to the superintendent, together with all supporting documents.
 - b. The superintendent shall analyze the school staff's recommendations and if the superintendent does not uphold that suspension, the superintendent shall direct the principal to immediately reinstate the suspended student and to notify the student's teachers that the student is entitled to make up all work missed during the period of suspension-related absence without penalty to the student.
 - c. If the superintendent concurs with the staff's actions, the superintendent shall advise the parents of the time, place, and nature of the suspension review and indicate to the parents that written evidence may be presented, and witnesses with personal knowledge of the incident leading to the suspension may be present to provide testimony before the Board of Education or a hearing officer appointed pursuant to Board policy. If the superintendent forwards the appeal to the Board, the Board or its appointed hearing officer shall hear the evidence within 30 working days and the Board shall make a decision based upon its evaluation of the evidence.
 - d. The superintendent shall advise the parent and the principal of the decision of the Board of Education and, if the Board upholds the suspension, no further action shall be required. However, if the Board does not uphold the suspension, the superintendent shall notify the principal of the Board's determination, and the superintendent shall direct the principal to immediately reinstate the suspended student and to notify the student's teachers that the student is entitled to make up all work missed during the period of suspension-related absence without penalty to the student.

 - c. Saturday detention sessions shall be conducted in a manner similar to sessions of the Learning Adjustment Center; student participants are expected to bring their school materials and to perform school work during the detention session.
 - d. Saturday detention sessions shall operate from 8:00 a.m. to 2:00 p.m.
 - e. Students participating in the Saturday detention program shall provide their own lunch and their own transportation.

Section A - Introduction

It is the policy of the Board of Education to provide a safe environment for the students and staff. To that end, any student who has been determined to be in possession of a weapon shall be recommended for expulsion.

The provisions of this policy shall be in force:

1. In any physical area attendant to school or District-sponsored or related activities, whether or not such area is on school or District property (including but not limited to, school buildings and lands, District offices), or at any school-sponsored or related activities, performances, extracurricular and athletic events, school-sponsored travel at other venues; and

In addition to the above jurisdiction, the administration is authorized to establish a Code of Conduct that imposes progressive loss of privileges by reason of any conduct by a student in violation of these policies wherever the conduct or event occurs. Students who participate in extracurricular activities such as interscholastic athletic, drama, fine arts, and other competitions or who participate in clubs and activities are representatives of our schools, and as such are expected to conform their behavior to these policies as a condition to continued enjoyment of these privileges.

Section C - Possession of a Weapon

For the purposes of this policy a student in possession of a weapon includes any student who is:

1. Determined to have brought a weapon within the Jurisdiction; or

F. STUDENT ATTENDANCE (Board Policy 8420)

Section A - Introduction

In accordance with the requirements of The School Code of Illinois and in recognition of the responsibilities imposed upon parents therein, it is the policy of the Board of Education of District 225 that students shall attend school on a regular basis and be on time for classes. Student attendance in class is not optional; it is a requirement of every class unless specifically otherwise authorized. The Board believes that regular class attendance fosters successful academic performance and development of punctuality, self-discipline, and responsibility. A substantial failure to attend classes seriously prejudices the entire educational program and creates problems for the teacher and other students in the classroom, in addition to the offending student. The Board further believes that the school administration and staff have a duty to rigorously and consistently enforce school regulations dealing with class attendance and punctuality. Those regulations shall require that all student absences shall be verified by telephone by the student's parents or legal guardian. Excessive absences that are non-school related may require further documentation as reasonably requested by the school.

Section B - Classification of Student Absences

Student absences from class shall be classified as follows:

Excused Absence

Reasons for an excused absence shall include illness of the student, death in the family, religious holidays, participation in election day activities, school-sponsored activities, medical appointments, family emergencies, and Learning Adjustment Center (LAC) placement. (The LAC is an in-school placement used for attendance violations and other offenses as determined by the dean.) An excused absence shall enable a student to receive credit for work which is made up. The teacher shall make a reasonable effort to assist the student to meet the student's make-up assignments.

Explained Absence

Other parent-approved absences, such as vacations, and college visits and interviews shall be considered by the building administrator for approval as an explained absence if the request is made by the parent prior to the absence. An explained absence shall enable a student to receive credit for work which is made up, but the time and place of any make-up sessions shall be solely at the initiative of the student and at the reasonable convenience of the teacher.

Unexcused Absence

"Unexcused absence," as used in this policy, shall refer to any unauthorized absence from any class, study hall, homeroom, or activity required by the school.

Tardiness

"Tardiness," as used in this policy, shall refer to any unexcused appearance of a student during the first 5 minutes of a class, study hall, or homeroom. Students who are more than 5 minutes late shall be considered "absent" from that class period unless otherwise excused by the teacher.

Section C - Credit for Class Work

Students who are assigned to the LAC are expected to complete missed work and will receive credit for work made up. Students who are suspended will also be expected to complete missed work, but will not receive credit for such work.

Section D - Flagrant and Repeated Violations

The principal is authorized to recommend an alternate educational placement for a student who fails to adjust to the day school by failing to retain at least five classes on the student's schedule. The principal is also authorized to approve a student's continuing enrollment in the day school, even though the student may be enrolled in less than five regular classes.

Section E - Exceptions

Either the principal or dean of students is authorized to make reasonable and prudent exceptions to the foregoing student attendance policies.

Section F - Instructional Staff Responsibilities for Student Attendance

The instructional staff of each department, under the leadership of the instructional supervisor, is directed to develop instructional strategies which shall encourage student attendance and promptness. Teachers shall be required to maintain an accurate daily register of student attendance. These attendance registers shall be periodically reviewed by the instructional supervisors and in-service training sessions shall be conducted for those staff members whose classes experience an inordinate number of unexcused absences. Effective administration and management of student attendance regulations shall be considered one of the factors in the evaluation of members of the instructional staff.

Section G - Procedures

The superintendent, in consultation with the superintendent's staff, shall set forth the rules and procedures governing the administration of this policy and shall distribute copies of this policy and its related rules and procedures to all parents, students, and staff members on an annual basis.

STUDENT ATTENDANCE (Board Procedures 8420)

Section A - Introduction

The superintendent, in consultation with his staff, is authorized to develop procedures to govern the administration of the Board policy on student attendance. These procedures are indicated below and are to be followed by all staff members in all cases involving student truancy (unexcused absence) or excessive excused/explained absences that are non-school related.

Section B - Unexcused Absences

1. First Offense - On the first unexcused absence, the following procedure will be followed:
 - a. The teacher shall:
 - i. report the student's truancy (unexcused absence) to the teacher's instructional supervisor and shall make the appropriate entry in the teacher's attendance register.
 - ii. talk to the student to emphasize the importance of class attendance and to explain the provisions of the Board policy on attendance.
 - iii. contact the student's parents/guardians explaining the importance of class attendance and explaining the provisions of the Board policy on attendance.
 - b. The instructional supervisor shall send a copy of the referral form to the dean of students and to the student's counselor.
2. Second Offense - On the second unexcused absence, the following procedure shall be followed:
 - a. The teacher shall report the student truancy (unexcused absence) to the teacher's instructional supervisor by the use of a Referral Form and shall make the appropriate entry in the teacher's attendance register.
 - b. The instructional supervisor shall review the Referral Form, sign it, and send it to the dean of students by the end of the school day on which the form is received.
 - c. The dean of students shall:
 - i. assign the student to the Learning Adjustment Center (LAC) for two days or one day of Saturday detention or impose another appropriate disciplinary action.
 - ii. notify the student and the student's parents of the dean's action. The parents shall be informed of the dean's action by telephone and either by letter or email when an email address has been provided by the parent.
 - iii. notify the student's teachers of the student's assignment to the LAC and obtain LAC assignments and a student progress report from each teacher.
 - iv. notify student's counselor of the student's assignment to the LAC.
 - v. provide a copy of the completed Referral Form to the student's teacher, instructional supervisor, counselor, and parents.
 - vi. The student's counselor shall review which resources of the school can best be utilized to assist the student in improving attendance.

3. Third Offense - On the third unexcused absence, the following procedure shall be followed:
 - a. The teacher shall report the student truancy (unexcused absence) to the teacher's instructional supervisor by the use of a Referral Form and shall make the appropriate entry in the teacher's attendance register.
 - b. The instructional supervisor shall review the Referral Form, sign it, and send it to the Dean of Students.
 - c. The Dean of Students may:
 - i. remove the student from the class register, assign the student a withdrawn - failing (WF) grade for the course and assign the student to a restricted study hall.
 - ii. If the Dean of Students removes the student from class then the student and parents shall be notified by telephone and letter.
 - iii. The Dean of Students must send a copy of the completed Referral Form to the student's teacher, instructional supervisor, and counselor.
 - iv. The Dean of Students must notify the principal if the removal of the student from the class has resulted in the student being enrolled in less than five classes.
 - v. If the removal of the student from the class has resulted in the student being enrolled in less than 5 classes, then:
 - 1) The principal may recommend to the superintendent that the student be assigned to an appropriate alternative educational placement.
 - 2) The superintendent shall review the recommendation of the principal and determine the appropriate placement.

Section C - Tardiness

1. After each occurrence of three unexcused tardies, notification shall be made to the parent by telephone, departmental letter, or email when an email address has been provided by the parent. The student shall be given a departmental detention of 30 minutes in length or other similar departmental discipline.
2. With the accumulation of the ninth tardy, the Office of the Dean of Students shall be notified. Parents and student shall be contacted by telephone and/or conference and the student shall be given the option of the student attending a Saturday detention for six hours or dropping the class with a "WF" grade and being assigned to a restricted study hall for the balance of the semester.
3. In the event the student elects to attend the Saturday detention, the student and parents shall be informed that three additional tardies or failure to serve Saturday detention shall be grounds for removal from class with a "WF" grade for the semester and assignment to restricted study hall for the balance of the semester.
4. The parents and student shall be informed of the school's action by telephone and letter.

Section D - Intervention

1. Excessive Class Absences - In instances of excessive excused/explained class absences that are non-school related the following procedures will be followed.
 - a. First Intervention - Due to differences in the schedules followed in the two schools the number of classes constituting a first circumstance requiring intervention will be five (5) classes at Glenbrook North and eight (8) classes at Glenbrook South in a semester. A letter will be sent home to the parents/guardians expressing concern regarding the number of excused/explained class absences that are non-school related and indicating further excused/explained class absences that are non-school related may require documentation or a doctor's note.
 - b. Second Intervention - At Glenbrook North seven (7) classes missed and at Glenbrook South twelve (12) classes missed in a semester constitutes a second circumstance requiring intervention. A phone call from the Dean's office and a registered letter will notify the parents/guardians that further class absence will be unexcused until documentation is provided.
2. A review committee consisting of representation of the Dean's Office and the Guidance Department will determine when it is appropriate to invoke this intervention.

Section E - Records

The Dean of Students shall keep appropriate records of student truancy for reporting purposes.

It is the policy of the Board of Education of District 225 to foster an environment which maximizes student learning and employee performance, and a climate of civility among students and employees of the district. Harassment by any student or employee of any other student or employee for whatever reason is inimical to the environment and climate desired by the Board and therefore will not be permitted.

In addition to the above jurisdiction, the administration is authorized to establish a Code of Conduct that imposes progressive loss of privileges by reason of any conduct by a student in violation of these policies wherever the conduct or event occurs. Students who participate in extracurricular activities such as inter-scholastic athletic, drama, fine arts and other competitions or who participate in clubs and activities are representatives of our schools, and as such are expected to conform their behavior to these policies as a condition to continued enjoyment of these privileges.

Section C - Definition of Harassment

Harassment is defined as any unwelcome and personally offensive conduct (including, but not limited to, advances, gestures, or words of a sexual, intimidating, or threatening nature) which:

1. Unreasonably interferes with an individual's work or performance; or

Examples of prohibited conduct include, but are not limited to, name calling, using derogatory slurs, wearing or possessing items depicting or implying hatred, ridicule, or prejudice of one of the characteristics or protected classes stated in Section A.

Examples of sexual harassment include, but are not limited to, unwelcome, or unpermitted touching, crude jokes or pictures, discussions of sexual experiences, teasing related to sexual characteristics, demands or requests for sexual favors, spreading rumors related to a person's alleged sexual activities, and subjecting individuals to embarrassment, hostility, humiliation, or intimidation because of their gender.

Disciplinary action may include, but is not limited to, suspension from school, and in those instances of repeated or flagrant gross disobedience or misconduct, expulsion from school.
2. The superintendent shall be informed by the building and district complaint coordinators of any activity which may constitute criminal conduct, and if the superintendent concurs that such conduct may constitute criminal conduct, the superintendent shall report that conduct to the appropriate law enforcement authorities.

1. False Reports. Any individual who makes a report of alleged harassment which is later found upon investigation to be completely lacking credible evidence, shall be subject to disciplinary measures under the provisions of this policy.
2. Confidentiality. The rights of confidentiality of both the complainant and the respondent shall be respected consistent with the district's legal obligations, with the necessity to investigate allegations, and to take corrective action. In all cases, however, only those individuals who have a "need to know" shall be provided only that information required by the investigation and corrective action, or required by the individual's professional responsibilities.
3. Abused and Neglected Child Reporting Act. The district shall report instances of sexual harassment of students who are under eighteen years of age to the Illinois Department of Children and Family Services, under circumstances required by the provisions of the Illinois Abused and Neglected Child Reporting Act.
4. Status of Complainant. Filing of a harassment complaint, except in those complaints found upon investigation to be completely lacking credible evidence, shall not adversely affect the employment status of an employee filing the complaint, or the student status of a student filing a complaint.

HARASSMENT – STUDENTS (Board Procedures 8470)

Section A - Introduction

It is the policy of the Board of Education of District 225 to prohibit harassment of any student for whatever reason. The Board has directed the superintendent to develop implementation procedures consistent with the Board's policy, which will be included in the student/parent handbooks. The procedures are outlined below.

1. Each school principal shall appoint two school harassment complaint coordinators, one of each sex. The school principals shall notify all employees, parents, and students of the names of the school harassment complaint coordinators.
2. The superintendent shall appoint two district harassment complaint coordinators, one of each sex. The superintendent shall notify all employees, parents, and students of the district of the names of the district harassment complaint coordinators.
3. At the superintendent's discretion, an independent harassment complaint coordinator may be appointed on an "as needed" basis, having jurisdiction as designated by the superintendent.

Section C - Complaint Procedures

Level 1 -- Initial Complaints

1. Any student who alleges harassment, or any third person with knowledge of conduct which may constitute harassment, should report the alleged harassment promptly to one of the harassment complaint coordinators or an administrator at the building where the alleged harassment occurs. However, complainants may report an incident to any complaint coordinator or to any district administrator. As a general rule, complaints involving harassment among students will be referred by the complaint coordinator to dean's office personnel, and complaints involving harassment between a student and an employee will be referred to the building complaint coordinator.
2. The complaint coordinator or dean will require that the complaint be placed in writing. If the report is presented orally, the complaint coordinator or dean shall prepare a written report based on the complainant's oral report, which shall be signed by the complainant. A report alleging harassment should contain the following elements:
 - a. Names of individuals involved in the incident(s) including the names of any witnesses.
 - b. Date, time, and location of the incident.
 - c. A description of the incident.
 - d. Submission date of the incident report.
3. If a dean receives the complaint, a copy will be forwarded to the building complaint coordinator.
4. The complaint coordinator or dean will attempt to resolve the complaint without resorting to the Level 2 procedures. The resolution of student complaints may include the use of peer mediation, discussion, investigation, referral to guidance counselors, social workers, police liaison officer, parents and/or community agencies. Prior to the final resolution of the complaint, the dean and the building complaint coordinator will confer regarding the proposed resolution.
5. A complaint will only be deemed resolved if both complainant and respondent have signed a statement to the effect that the complaint has been resolved to their respective satisfactions.
6. If the complaint is resolved, a written summary of the resolution will be created and maintained by the building complaint coordinator. If handled by the dean, a copy will be forwarded to the building complaint coordinator.

Level 2 -- Unresolved Complaints

1. The Dean's Office shall refer unresolved student complaints to a building coordinator. For unresolved Level 1 complaints, the complaint coordinator shall promptly begin a formal investigation to determine the validity and severity of the allegations. The complaint coordinator shall interview the individual filing the complaint, the individual being accused of harassment, and may interview other individuals having knowledge of the alleged harassment. The complaint coordinator shall keep written notes of the interviews.

2. As part of the investigation process, the complaint coordinator may consult with other members of the faculty or staff (to the extent that they may have relevant information), including the dean of students, the principal, the Director of Human Resources, the superintendent, and the school board attorney, as necessitated by the circumstances or severity of the allegations.
3. The complaint coordinator shall attempt to complete the investigation and inform the complainant of the coordinator's findings and recommendations for resolution within ten working days of receipt of the complaint.
4. The complaint coordinator shall provide a written response to the complainant of the disposition of the case and forward a copy to the district coordinator. A copy of same will be forwarded to the superintendent.

Section D - Appeal to a District Harassment Complaint Coordinator

1. If the complainant and/or respondent is not satisfied with the response from the school complaint coordinator, the complainant or respondent may file a written appeal to one of the district's complaint coordinators within ten working days of receipt of the response from the school complaint coordinator. If the district complaint coordinator is handling the case, the matter will be appealed to an independent complaint coordinator designated by the superintendent.
2. The complaint coordinator conducting the appeal shall conduct a hearing within ten working days after receipt of the notice of appeal at which time the complainant and respondent shall be given an opportunity to present testimony and documents relevant to the complaint. Detailed minutes of the hearing shall be maintained. The district complaint coordinator or independent complaint coordinator, if appointed, shall provide a written response to the complainant and respondent within fifteen working days following the completion of the hearing. The Board of Education shall be provided a copy of the written response and relevant supporting documentation.
3. The Board of Education may, at its discretion, bypass the complaint coordinator's appeal hearing and have the appeal brought directly to the Board or its appointed hearing officer for a hearing.
4. Upon a hearing, the Board of Education shall take such action as it deems appropriate.

Section E - Appeal to Board of Education

1. School authorities may also turn over such evidence to law enforcement authorities.

GLENBROOK CODE OF CONDUCT

Philosophy

Glenbrook High School officials, coaches of athletic teams and sponsors of student activities believe that students who are selected for the privilege of participation on teams, squads, performing groups, clubs and other school organizations should conduct themselves as responsible representatives of the school. In order to assure this conduct, coaches and sponsors enforce a Code of Conduct. Furthermore, members of teams and organizations who fail to abide by the Code of Conduct are subject to immediate disciplinary action. Members of teams and organizations must always serve as exemplars of high moral character and must demonstrate appropriate academic commitment which is expected from all students. As recognized representatives of their school, participants are expected to exhibit appropriate behavior during the season (activity) or out of season, in uniform or out of uniform, on campus or off campus.

SECTION A – Rules and Guidelines

The Glenbrook High School District has as its primary goal the academic education, as well as the physical and social development of all students. Therefore, students are expected to demonstrate good citizenship by following all school rules; local, state and federal laws; and comply with all Illinois High School Association by-laws and eligibility requirements.

- Violations of any of the following will be considered violations of the Glenbrook Code of Conduct and will subject the violator to disciplinary action:
 - school rules as described in the Students Rights and Responsibilities section of the Student-Parent Handbook;
 - local ordinances;
 - state and federal laws;
 - the display of proper sportsmanship at a school activity, competition, or event.
- Attending parties or gatherings where illegal substances or tobacco products may be present is strongly discouraged. The district's concern for the health and overall welfare of its students is at issue along with the potential for problems that may face the district's students in such situations. The district encourages its students to make responsible choices.
- It is the expectation of the school that students will be in attendance and fully participate in normal school activities on the day of an event, activity or contest. The administration reserves the right to limit participation of students in cases of non-attendance at school.
- School officials are not expected to monitor off-campus, non-school activities unless the violation is brought to their attention, is sufficiently severe to bring discredit upon the Glenbrook organization, and said conduct is reasonably proven.
- Each coach or sponsor has the prerogative to establish additional rules pertaining to the activity supervised which do not conflict with this Code of Conduct. Such rules may include attendance at practices, curfew, dress and general conduct of participants during practices, contests, trips, etc. Rules set by the individual coach or sponsor must be in writing with the approval of the Director of Athletics or the Director of Student Activities and communicated in writing to the student participants before his/her activity begins.
- Students suspended from school will not be allowed to participate in activities or athletics while they are on suspension. Additional consequences from the athletic or student activities department may also follow.
- The Dean's Office will be notified of all violations of the Code of Conduct and the consequences of the infraction. In addition to the penalties imposed by the Code of Conduct, such infractions will also be subject to appropriate Board of Education disciplinary policies.

SECTION B – Procedures

A student may be suspended from participation in any activity according to the following procedures:

- All reports of violations of the Code of Conduct are to be made either to the Director of Athletics or to the Director of Student Activities.
- The director of the respective activity shall contact the student, parents, coach or sponsor to inform them of the violation and the procedures to be followed. If requested in writing, a meeting shall be scheduled within three (3) school days. This meeting shall include the director of the activity, the student, his/her parents, if they desire, and the student's coach or sponsor.
- The director and coach or sponsor will determine the course of action. The student and his/her parents shall be notified of the decision immediately.

Furthermore, a student who holds an elected or appointed office or position (i.e., peer leader, team captain, student organization officer) may be required to relinquish said position upon violation of the guidelines.

Any offense constitutes a violation for the purposes of all activities covered under the guidelines.

SECTION C – Guidelines for Action

Consequences for Code of Conduct infractions by athletes and activity participants are determined by the following guidelines. There is no differentiation of consequences for in-season or out-of-season participation, and a penalty may carry over from season to season and/or year to year.
